

DEUTSCHLAND MAY LEAVE IN TEN DAYS

**Capt. Koenig Expresses
Satisfaction at Report of
U. S. Naval Officers**

EIGHT NOW BUILDING

**Germany Expects to Re-Establish
Lost Commerce With
Rest of World With U-Boats**

WONDERFUL MECHANISM

BALTIMORE, Md., July 11.—Confident that the efforts of the diplomatic representatives of the entente allies to have his vessel classed as a war ship, and interned will prove unavailing Captain Paul Koenig, master of the German submarine Deutschland is preparing to leave port on his return voyage within ten days.

Skipper Expresses Satisfaction
Captain Koenig expressed satisfaction tonight, but was not surprised when informed that three American naval officers, who today inspected the Deutschland to determine her status had reported in effect that she could not be converted into a war craft without virtually being rebuilt. Captain Koenig said he could only reiterate that the Deutschland, like other submarines built or building for Germany's new undersea merchant fleet, was designed solely as a freight carrier.

At least eight of these vessels, it was authoritatively learned here today, now are building at Kiel, and with these in addition to the Deutschland and the Bremen already enroute for an American port, Germany expects, in a measure to re-establish her lost commerce and mail communication with the rest of the world. The view here is that no such project would have been undertaken had not the German interests behind it been thoroughly satisfied that the status of the vessels was unquestionable.

The torpedo being a submarine's essential weapon to make her effective as a war craft, it was the possibility that the Deutschland might be pierced for torpedo tubes that was the chief concern of the American naval officers headed by Captain C. F. Hughes who inspected the vessel today. Not only were the forward parts revealed, but it was learned that the structure was not substantial enough to contain torpedo tubes.

Before the Deutschland could be armed like a German naval submarine, entire reconstruction forward would be necessary. This fact was sufficient in the minds of the American experts to warrant their decision that the Deutschland could in no wise be considered a war vessel.

No Guns or Emplacements
The possibility that guns could be mounted on her superstructure was understood to have been considered also. But there were neither guns nor emplacements in evidence. Captain Hughes and his associates were given the entire freedom of the ship and there was no space within the interior that they did not explore. The Deutschland's commander, who was not present during the examination, as collector of the port William P. Ryan, who as representative of the treasury department officially had charge of the examination, failed to notify him that the navy officers were coming. When they arrived at the pier of the Deutschland in a tug, Captain Koenig was at the offices of his agents and the subordinate officer in command declined to allow the collector to bring his party aboard without the consent of his superior. This Captain Koenig freely gave when informed by telephone.

Captain Hughes and his assistants, Lieutenant J. O. Fisher, of the Bureau of Steam Engineering, and naval constructor, Herbert S. Howard, spent more than two hours in the vessel. Captain Hughes declined to discuss what he had seen but said that not only did the young officer who escorted them thru the boat freely answer all questions, but even volunteered information.

Wonderful Piece of Mechanism
"He was proud of his vessel and I do not blame him," said Captain Hughes. "It is a wonderful piece of mechanism and a monument to German inventive genius."

If the Deutschland has any new devices or mechanism which are new in submarine construction, Captain Hughes now knows them. He would not say if any such existed, but made it clear in this connection that everything he wanted to know was frankly explained. He had no instructions or intention, he said to report any knowledge he may have gained.

Deputy Surveyor Hayward, who also was one of the party said that the American experts seemed to be amazed at what they saw.

"It was all Greek to me," said Mr. Hayward, "but the navy engineers appeared almost dumbfounded. They were highly enthusiastic and were continually ejaculating."

(Continued on page four.)

VILLA BANDS ATTACK CARRANZA GARRISONS

**BANDITS ARA BEATEN OFF WITH
LOSSES AT PARRAL AND ROSARIO**

From Rosario Outlaws Are Driven South Toward the Durango Line—Trevino Reports Efforts To Force Villistas To a Battle Fail.

Chihuahua City, Mexico, July 11.—Two Villa bands attacked Carranza garrisons today at Rosario and Parral, but in both cases were beaten off with losses according to official reports to General Trevino.

From Rosario the bandits were driven south toward the Durango line by government troops under General Gacito and Hernandez. Other reports to General Trevino indicated that a scouting patrol from Parral had encountered one of the small bands of outlaws who scattered after the attack on Jimenez in the vicinity of El Valle and had driven them into the hills, but no details were given.

General Trevino said that he had not received details of either of the clashes but that all reports indicate there were skirmishes more or less minor in nature. He said that every effort to force the Villistas to a battle had failed.

No doubt remains in the minds of the military authorities here that Villa is directing the campaign along the Durango-Chihuahua border.

Reports reaching General Trevino from a number of escaped prisoners have described the bandit chieftain as riding in a coach, his crutches at his side, with two of his favorite chargers being led behind. It was asserted that every effort of the de facto government would be launched in attempt to effect his capture.

It was announced that government troops have practically completed an enveloping movement by means of which it is hoped to put an end to the bandit campaign. The Villistas now are enclosed, General Trevino said in a definite area pivoting about Los Nieves and Torreon de Canas. Cooperation between the various commands is complete and orders have been issued to begin closing in.

DECLARES AMERICAN CONCERN IN SONORA ENEMY TO GOVERNMENT

NOGALES, Ariz., July 11.—Adolfo de la Huerta, civil governor of Sonora has declared the Richardson Construction company, an American concern with large holdings in the state, an enemy of the Mexican de facto government and has appointed a Mexican receiver for the company's interests, according to word received in Nogales, Sonora, tonight. The holdings of the company include large areas of irrigated land in the Yaku Valley and are valued at many millions of dollars.

Numerous unconfirmed reports of raids by Carrancista soldiers upon American owned property reached the border tonight. Buildings on a gold mining property near Laciencas owned by C. G. Eckes, were looted and destroyed recently according to refugees.

CALLES ORDERS ALL VOLUNTEER SOLDIERS TO RETURN TO HOMES

DOUGLAS, Ariz., July 11.—The issuance of a proclamation by General P. Calles, military commander of Sonora, today ordering all volunteer soldiers to return to their homes, was the signal for the beginning of an exodus of American mining and cattle men from the border districts. Twenty or more left Douglas for points in the interior of Sonora during the day.

General Calles announced that he had demobilized four thousand volunteer cavalrymen who had been encamped in Fronteras, Chihuahua and Nacozari to the south of Douglas for several weeks. Approximately the same number remain to be demobilized in Cananea, Magdalena and Hermosillo, he said.

LIEUT. ADAIR'S BODY ARRIVES IN PORTLAND

Portland, Ore., July 11.—The body of Lieutenant Henry R. Adair of the Tenth United States cavalry, who was killed at Carrizal, Mex., several weeks ago arrived here tonight. A military funeral will be held tomorrow. The body will lie in state two hours during the morning at the armory.

GEN. BLISS LEAVES FOR BORDER

Washington, July 11.—Major General Bliss, assistant chief of staff, left for the border late today to inspect national guard units. It was said at the war department that his trip was for administrative purposes wholly, and did not foreshadow any immediate change in the higher commands along the border. Officials are anxious to forestall complaints that the militiamen are not accorded proper treatment in the federal service.

PROTEST AGAINST TAX

Chicago, July 11.—The Mid-West Theatrical Managers association at the closing session of its convention here today passed a resolution protesting against the proposed war revenue tax to be imposed upon theaters and places of amusement. It was stated that the proposed tax would take about \$40,000,000 a year from the pockets of the amusement men.

DADY BEGINS SECOND OF STATE'S ARGUMENTS

**ATTORNEY HANNA FOR DEFENSE
PRECEDES STATE'S ATTORNEY**

Dady Takes Up in Detail Evidence Which He Said Proved That Marion Lambert Had No Motive for Suicide.

Waukegan, Ill., July 11.—"He is not guilty nor innocent because of any one fact, but because of the sequence of all the facts."

With these words State's Attorney Ralph J. Dady today began the second of prosecution's arguments for the conviction of William H. Orpet, the college student charged with the murder of 18 year old Marion Lambert.

Preceding Mr. Dady Attorney Leslie P. Hanna made the first argument for the defense. He talked but little more than an hour, but more detailed addresses will be made by Orpet's other lawyers, James H. Wilkerson and Ralph W. Potter.

Mr. Dady took up in detail the testimony which he said proved that Marion had no motive for suicide and that showed that when she entered Helm's Woods with Orpet February 9th, she fully expected to come out of them alive.

"On the very day she went to her death," said the state's attorney, "she carried a letter ready to mail, addressed to Miss Minnie Rumsey, her Sunday school teacher, in which she said: 'But now I feel better and want to be some one in the world. I will come to the meeting and bring some of the girls who usually do not come.'"

"This letter," went on Mr. Dady, "was to have been mailed that day, a Wednesday. The meeting was for the following Saturday. Does that look like a girl bent on destruction?" "Do you think she was thinking of suicide, Sunday, February 6th, when she had her girl friends, including Eleanor Louie, at her eighteenth birthday party?"

"At this birthday party, Florence Russell had forgotten her class pin. Marion had it with her that morning and said she was going to return it to Florence at school. Do you think she would have carried it that morning if she carried also cyanide of potassium with intent to use it?"

"And another thing. There was to be a little social gathering with the school teachers that night, at which refreshments were to be served by the girls, among them Marion. She carried with her an apron and a skirt to use while serving. We might question anyone of these circumstances as proof if they stood alone, but taking them in sequence, gentlemen, do you think that Marion contemplated suicide?"

"Then she left home that morning she said to her father, 'meet me at the 8:05 train, Father Dear.' I think you know now gentlemen that it was not suicide which accounted for Frank Lambert's anxiety when his daughter did not come on that train."

NEW YORK ARTILLERYMEN STOP IN QUINCY FIVE HOURS

QUINCY, Ill., July 11.—Members of Battery E, New York Second Field Artillery, stopped in Quincy five hours today. The men marched to Y. M. C. A. where they bathed in the pool. Others took a dip in the Mississippi river. The horses were taken from the cars, exercised and watered. Batteries F and D of the same organization also passed thru.

A squadron of Rhode Island Cavalry went thru tonight.

DEMOCRATIC COMMITTEE MAY NOT ENDORSE ANY STATE SLATE

CHICAGO, July 11.—Chairman A. W. Charles of the Democratic state committee said today that the committee probably will not endorse any slate of candidates for state officers. Sentiment expressed by a majority of state leaders is against running a candidate in opposition to the nomination of Governor Edward E. Dineen. The state committee will open campaign headquarters at a Chicago hotel within ten days.

Roy C. Sullivan and members of the Cook county Democratic executive committee today selected a full county slate headed by Maclay Hoyne for state's attorney.

COLORED DEMOCRATS MEET.

Chicago, July 11.—Members of the National Colored Democratic League composed of negroes from nearly every state in the union, held their quadrennial meeting here today, elected officers, endorsed the national Democratic ticket and planned an active part in the campaign.

SOUTHERN FLOODS RECEDING.

Atlanta, Ga., July 11.—The southern floods were receding today with the cessation of the rains which began last Wednesday. About 85 persons are dead or missing and the property loss, mostly crop damage, is estimated at nearly ten million dollars.

USE GRAPHOPHONE AT FUNERAL.

Farley, Ia., July 11.—When funeral arrangements were being made for F. J. McCue who was found dead here today, it was discovered that no organ or singers were available. Friends however obtained a graphophone and records of sacred music were played on it during the service.

REPORT 36 CASES OF PARALYSIS IN STATE

**Dr. Drake Does Not Re-
gard Situation in Illi-
nois as Serious**

CONFIRM 23 CASES

**Officers Enforce What Dr.
Drake Calls Most Stringent
Quarantine of Any State**

ASKS CONGRESS TO AID FIGHT

SPRINGFIELD, Ill., July 11.—With reports of thirty six cases of infantile paralysis on hand, Dr. C. St. Clair Drake, executive secretary of the Illinois State Board of health tonight said he did not yet regard the situation in this state as serious.

Enforce Stringent Quarantine.

Whether or not Illinois is to suffer an epidemic of the disease he said, depends on the developments of the next ten days. Meanwhile the board is rushing investigators form one section of the state to another enforcing what Dr. Drake calls the most stringent quarantine rules of any state in the country.

Eleven cases were reported today for the first time. The majority of these and most other cases about the state developed weeks ago but are just now being recognized as infantile paralysis, according to Dr. Drake. The only cause for alarm in the situation, he said, is the fact that probably hundreds of persons came in contact with the infected persons before the disease was recognized and the patients quarantined. How many of the persons who will not have developed the disease will not be known for eight, ten or perhaps twenty days, Dr. Drake said, as it takes that long for the symptoms to appear.

Tonight a total of 23 cases had been confirmed as infantile paralysis and thirteen still were under investigation.

The quarantine rules of the state were amended today to require that all inmates of infected premises be quarantined and that all persons known to have been exposed to the disease be isolated on their own premises and be kept under observation for twenty days.

Dr. Drake also sent out notices recommending that in all communities where an unrecognized case of infantile paralysis has existed and no quarantine has been enforced until recently, the authorities prohibit the attendance of children under sixteen years of age at any public gathering. This Dr. Drake said, should include Sunday schools, picnics, picture shows and even house parties.

Board Issues Revised Statement.

A revised statement issued by the board of health tonight shows the following:

Confirmed Cases.
Chicago, 6; East St. Louis, 4; Belleville, 4; Standard, 2; Blue Island, 2; Kankakee, 1; Streator, 1; Gibson City, 1; Oregon, 1; Quincy, 1.

Suspected Cases Under Investigation.
Dixon, 2; Granville, 1; Belleville, 1; Freeport, 1; Virden, 1; Lamolille, 1; Winchester, 1; Eureka, 1; Maroa, 1; Dalton City, 1; Decatur, 1; Collinsville, 1.

In three cases, one each at Christopher, Kirkwood and Quincy, originally reported as infantile paralysis the diagnosis was found to be incorrect by the health board's investigators.

Asks Congress for \$135,000.

Washington, July 11.—Secretary McAdoo today asked congress to appropriate \$135,000 for the public health service to aid in the fight against infantile paralysis epidemic in New York and to prevent its spread into other states.

Of the sum asked for \$50,000 is to be used for the expenses of surgeons of the service in New York and the remainder to prevent interstate spread of the disease. The estimate of the amount needed was reached after several conferences between officers of the public health service and Assistant Secretary Newton and was approved by President Wilson.

Dr. W. C. Rucker, who has been in active charge of the fight against the epidemic believes it will cost about \$10,000 a month for the work of the service alone. A bill already has been introduced by Representative Griffin of New York for a \$100,000 appropriation.

President Wilson today signed the Segel resolution permitting the use of hospital facilities at the Ellis Island immigration station for the New York victims of infantile paralysis. Representative Segel introduced another resolution during the day authorizing the president to give a gold medal and \$100,000 to any person who may discover a preventive or cure for the malady.

MYTHICAL JANITORS COLLECTED \$3,430

**EIGHT RECEIVED MONEY FOR WORK
DONE BY TWO REAL JANITORS**

Testimony is Given in Fergus Suit Against Brady and Russell—Merritt Testifies He Was Paid \$50 for a Day's Work in Helping "Look Over" Journal of House.

Springfield, Ill., July 11.—Eight mythical janitors collected a total of \$3,430 for work performed about the Illinois State House during the 49th session of the general assembly by two real janitors according to the testimony of the latter in one of the Fergus suits here today.

Dowell Parker and Richard Madden, negroes, present janitors at the state house, testified that during the legislature they did all the janitor work that was done about the state house and that they never saw the eight other men who were on the state payroll as janitors. The testimony was given in the suit of J. B. Fergus against State Auditor Brady and State Treasurer Russell, seeking to recover funds paid out and to restrain the further payment of funds which it is charged the legislature has never appropriated.

Representative Edward L. Merritt testified that he was paid \$50 for one day's work in helping "look over" the journal of the lower house of the legislature. He said, there were six other members on the committee assigned to this work and that he presumed they also were paid \$50 each for the day's work. He explained, however, that when he undertook to do the work he did not know there would be any pay for it and did not expect any pay as the state constitution provides that no member of the legislature shall receive more than \$2,000 a year salary and \$50 for office expenses.

OPEN RAILROAD FOR SHIPMENT OF SUPPLIES TO U. S. TROOPS

EL PASO, Texas, July 11.—The Mexican Northwestern railroad again has been opened for the shipment of supplies to American troops in Mexico. This action follows the lifting of the embargo on food and other exports to Mexicans.

Shipments are being made by El Paso concerns by way of Juarez to Casas Grandes merchants who in turn dispose of their supplies to the quartermaster at the field base. Army officers welcome the indirect use of the Mexican railway for transportation of supplies as the rainy season is now on the motor truck trail from Columbus is not so efficient as it was.

In Mexican quarters the re-opening of the line was pointed to as evidence of further slackening of the tension in the border situation.

INTENSE HEAT ADDS TO BURDENS OF NEW YORK HEALTH AUTHORITIES

NEW YORK, July 11.—Intense heat today added to the burdens of the health authorities in their fight to check the spread of infantile paralysis, which took a toll of 32 lives in the twenty four hours ending at 10 a. m. The depressing temperature it is explained tends to reduce the physical resistance of children against possible contagion.

Federal and city health officials took an optimistic view of the situation tonight notwithstanding the fact that 195 new cases had been reported on the ground that the cooperative work of the various city departments has resulted in preventing the epidemic from spreading geographically.

About three fourths of the paralysis cases now are being cared for in hospitals.

NAMES THOMPSON QUARTERMASTER

Springfield, Ill., July 11.—R. W. Thompson of LaSalle was today appointed quartermaster of the first Illinois field artillery with the rank of captain by Governor Danne. He is a graduate of West Point and served as first lieutenant in the First United States Infantry until his retirement.

TWELVE BURNED IN MINE BLAST

Wheeling, W. Va., July 11.—An explosion of gas occurred in the mine of the Hitchman Coal and Coke company at Glendale, W. Va., near here late today. One hundred and fifty men were at work at the time, but escaped uninjured, except twelve who were burned. Mine officials said all would recover.

WHITE DEFEATS WELLS

Boston, July 11.—Charlie White of Chicago defeated Matt Wells of England tonight in the fifth round of their twelve round match, the Englishman's manager stepping into the ring and stopping the contest to save his man further punishment. The men are lightweights.

FIRST INDIANA INFANTRY LEAVES FOR BORDER

Indianapolis, Ind., July 11.—The First Infantry Regiment of the Indiana troops left Fort Benjamin Harrison this afternoon for Mercedes, Texas. There it will join the second and third regiments, which preceded it. Practically all the Indiana troops are now on, or enroute to, the border.

THOUSAND STRIKE AT OGLESBY CEMENT MILLS

MAYOR TURNS CONTROL OF SITUATION OVER TO SHERIFF

Twenty Five Special Guards Are Imported From Chicago—Plants Meet With Much Opposition from Strikers in Attempt to Operate.

Ottawa, Ill., July 11.—Owing to the tenseness of the strike situation in Oglesby, a small town near here, Mayor Morrison, realizing his inability to handle the situation, turned control over to Sheriff E. M. Davis of Ottawa today. The factories are picketed. Twenty-five special guards from Chicago were imported today. The plants are endeavoring to operate but are meeting with much opposition from the strikers.

Altogether there are about one thousand men on strike in the mills of the Chicago Portland Cement company of Oglesby, the Marquette Cement Manufacturing company of Oglesby and the German-American Portland Cement Works of LaSalle.

NAME EDWARD RIGHTOR GRAND EXALTED RULER OF ELKS

BALTIMORE, Md., July 11.—Edward O. Rightor of New Orleans, was today elected grand exalted ruler of the Benevolent and Protective Order of Elks over Lloyd Maxwell of Marshalltown, Iowa, at the annual convention of the order in session here this week. The contest was declared by old timers among the delegates to have been the hottest in the history of the organization.

Boston was selected for next year's convention.

Among other officers elected were:

Grand Secretary—Fred C. Robinson, Dubuque, Iowa.

Grand Treasurer—Charles A. White, Chicago.

RED CROSS OUTLINES PLANS FOR RELIEF WORK AMONG TROOPS

WASHINGTON, July 11.—The American red cross in a statement tonight outlining its plans for relief work among the American troops at the border and in Mexico announced that express companies of the country had agreed to transport Red Cross supplies destined for the soldiers at two thirds the usual rate. Nine depots for collection and distribution of supplies have been established. Those making donations are asked in the statement to send them prepaid to the nearest depot, the red cross bearing the expense from that point to the final destination. Depots are located in Chicago, Kansas City, Mo., and other points.

WABASH EXPRESS AND FRISCO TRAINS IN SIDESWIPE COLLISION

ST. LOUIS, July 11.—Wabash express train No. 9, and an outbound Frisco passenger train were in a side swipe collision in the terminal yards near the entrance of Union Station here this afternoon. The Frisco engine struck the combination mail and baggage coach of the Wabash train.

At the offices of the Wabash and Frisco, it was denied that anyone had been injured. Railroad officials also declared there were no coaches overturned and that the damage to the engine and combination coach was slight.

An investigation will be made to determine the cause of the accident.

SENDS CHECK TO DEUTSCHLAND'S CREW

New York, July 11.—A check for \$10,000 was sent today to Captain Paul Koenig, captain of the German submarine Deutschland by August Heckscher, a New York capitalist in recognition of the submarine's feat. The sum will be distributed among the officers and men. Mr. Heckscher sent the check thru Charles VonHelmolt, manager of the North German Lloyd Ship company.

HUGHES TO BE IN NEW YORK TODAY.

Bridgehampton, N. Y., July 11.—Charles E. Hughes will go to New York tomorrow morning for a series of conferences with party leaders. The time and place of holding the notification ceremony, the speech of acceptance, the contemplated trip to the Pacific coast and the nominee's ideas in general as to the campaign will be discussed. An early meeting with the newly appointed campaign committee also will be arranged.

FORM ASSOCIATED COOPERAGE INDUSTRIES.

Chicago, July 11.—The Associated Cooperaage Industries of America was formed here today by the amalgamation of the Slack Cooperaage association, Stave Manufacturers of America, the Tight Stave Manufacturers' association and the Allied Cooperaage Industries of America. The financial value of the annual output of the combined organizations is estimated at more than \$150,000,000. Permanent headquarters were established in Chicago.

ACCEPTS POST AT CHICAGO U.

Lawrence, Kans., July 11.—Prof. Harry A. Mills, instructor in economics in the University of Kansas today resigned to accept a professorship in the department of economics of Chicago University.

BRITISH ADVANCE OVER 8-MILE FRONT

**Capture German First
System of Defense in
Ten Day Battle**

TAKE NUMBER OF TOWNS

**Teutons Gain Foothold in Dumm-
lop Battery in Verdun Sector
—Carry Strong Offensive**

FURIOUS FIGHTING IN EAST

The British gains in the battle of the Somme, after ten days continuous fighting, cover a front of nearly eight miles and include the entire German first system of defence, according to the official report forwarded by General Haig, the British commander-in-chief on the French front. This advance includes a number of small towns or villages and positions which are considered of great strategic importance.

Villages Strongly Fortified.

The British advance extended into the German positions for a depth of two to four thousand yards. Many of the villages were strongly fortified, the woods were full of trenches and surrounded by barbed wire and what General Haig describes as "immensely strong redoubts," had to be carried by storm.

At the same time the French army under General Foch has moved up in the southern section of the Somme until it now holds the dominating hills around Peronne, a town which has been strongly fortified by the Germans and the possession of which they are likely to contest with the utmost determination. The British have retaken Contalmaison and are again in control of nearly the entire extent of Trones wood and Mametz wood.

There has been desperate fighting in both sectors for several days. The French along the Somme carried out some minor detached operations which enabled them to strengthen their position at LeMaisonnette and apparently the French are waiting for the British to straighten out their line before making the attempt to drive the Germans out of Peronne.

Allies Take 22,000 Prisoners.

In this great battle about 22,000 prisoners have been taken by the Franco-British forces, of whom the British announce they have captured 7,500.

In the Verdun sector the Germans unmoved by the attacks north and south of the Somme, have succeeded in gaining a foothold in the Damploz battery which has been a bone of contention for days and in the French line in the Fumin wood on the right bank of the Meuse. At other points the Germans are carrying out a strong offensive.

On the Russian front the Stokhod sector is the central point of the Russian advance. The Germans have brought up strong reinforcements and artillery to oppose the Russians, who now are within twenty miles of Kovel. The defenses of this town are believed to be powerful altho there now no natural barriers between General Brusiloff's army and its objective.

Fighting of Furious Nature.

Fighting along this line is of a furious nature, as it was while the Russians were crossing the river at various points.

In southern Bukovina, Petrograd reports that considerable enemy forces have been sent to fight northwest of Kimpoling. Vienna does not refer to the fighting in Bukovina and Galicia, but asserts that Russian attacks near Sokol and along the Stokhod have been repulsed.

Up to July 10th, the drive of General Brusiloff had resulted in the capture of 271,620 prisoners. It is officially announced.

The Italians have captured additional positions from the Austrians, particularly on the Pashulo front. Rome asserts that because of Italian offensive in the Tretino several divisions of Austrian troops already on their way to the Russian front have been recalled.

WEATHER INDICATIONS AND TEMPERATURES

Illinois:—Generally fair and continued warm Wednesday and probably Thursday.

Temperatures

The current, maximum and minimum temperatures as recorded Tuesday were:

For President.

CHARLES E. HUGHES.

The state election is some months in the future but it is not too early to remember that the state tax rate for the past three years under Democratic government has averaged 57 2-3 cents. For the four years preceding under Republican government the average was 34 1-2 cents. Some idea of how the expenses of the state have grown are shown in these figures: In 1905 the legislature appropriated \$16,000,000 for the state's expenses for two years. In 1915 the legislature appropriated \$46,000,000 for the state's expenses for two years. Certainly it's time for the voters of this state to demand economy and business principles in the management of the state's affairs.

An Example of Enterprise.

Clay County, Missouri, has furnished a splendid example of enterprise by voting to issue bonds for \$1,250,000 to construct a system of hard roads. The money will provide more than 200 miles of roads which will be usable all the year around. The population of Clay county is only a little more than 20,000 people, and the size of the undertaking would be appalling to many counties in Illinois with twice the population and several times the wealth of the Missouri county. It may not be the right course to issue bonds for the improvement of Morgan county roads but certainly something more definite for road betterment should be planned and carried out than the past has shown.

The Cause of Disease.

The spread of infantile paralysis in New York has not caused great alarm in this section of the country altho the state boards of health of several Mississippi valley states have issued letters of warning and suggestions to the public of measures which may be adopted to prevent the disease. Most of the suggestions made by the health officers are along sanitary lines.

Seemingly the lack of proper attention to sanitation and cleanliness causes the disease in the larger cities and the precautionary measures for the most part are comparatively simple. In complicated machinery the most frequent cause of trouble is dirt, and the same rule applies to the human machine. The unfortunate thing about disease, which originates from inattention to proper sanitation, is that the resulting epidemic

Rippling Rhymes

By WALT MASON

ACTIVE CANDIDATES

A candidate for President now jaunts around to some extent and makes the welkin ring; he shoots the con to city booths, and hands out bunk to village rubes, and yaws like everything. The people see him, and they say, "He's just an ordinary jay, he's much like common in e n; there is no halo o'er his head, his teeth are bad, his nose is red, his shoes are number ten. His larynx surely needs a rest, there are two buttons off his vest, his necktie's come untied; there is a bald spot on his crown, his linen collar's wilted down, his whiskers have been dyed." And many men who hear him speak find admiration growing weak, and they themselves they'll sigh, "We always thought our candidate was one majestic grand and great—he's just a common guy." "This distance the enchantment lends, and on a closer view, my friends, we find our idols clay; we see some man we've admired, and his appearance makes us tired, our ardors ooze away. We think that candidate has sense who round his wigwag builds a fence, and stays behind the same; men will idealize that gent, and praise him till the welkin's rent, and magnify his fame.

demic frequently affects those who personally have given attention to the known rules of health but who are, nevertheless, subject to the contagion spreading from other sources.

The Way to Peace.

President Wilson in his address at Detroit the other day prefaced his address with the rhetorical question, "What does the world want at the close of the great European war?" The answer was a unanimous shout of "Peace". The president then went on to defend his course in Mexico as prompted by his own wish to carry out the desires of the people and to have peace. The president does his critics and those who disagree with him injustice in suggesting that they are any less desirous of peace than himself. The advocates of sterner methods in the handling of Mexican affairs do not want war and bloodshed. They want peace too, but believe sincerely that the only sure and prompt way to secure peace is by force of arms.

It has remained for the members of the Winsted girls' club of Winsted, Conn., to devise a new plan for both showing their patriotism and their interest in the soldiers who have gone to the Mexican border in defense of the country. After the guardsmen from that town had gone to the front the members of the girls placed all the names in a box and then each drew a name. Now it is the announced duty of the girls to send letters and gifts to the soldiers whose names they have drawn. Winsted guardsmen, therefore, are receiving all sorts of comforting attentions and declare that going to war is in many respects better than staying at home. This is all very well while the soldiers are at the front, but when they return home, what then? Some of those girls will be sure to "forget the number."

Hughes Not Idle.

In some quarters there are evidences of dissatisfaction with Mr. Hughes for not making an earlier start into the campaign. The announcement has just been made that the candidate is to be formally notified July 31 and it will be some weeks later before the active campaign begins. Those who are worrying over this point should find comfort in the record of fort heroism that the presidential candidate has made in the past and remembering that thoroughness can feel confidence that the present days are not being idly spent.

In the conduct of the big insurance trials in New York and in his campaign for the governorship of New York Mr. Hughes evidenced a marvelous ability for arraying facts in such a logical convincing way that the effect was certain. No doubt the candidate is now spending much of his time in digesting and arranging the facts related to the Wilson administration. It will be found after the campaign has been formally opened a few weeks hence that there still remains ample time for the presentation of this damaging chain of evidence to fasten the charge of inefficiency upon the administration.

Jacksonville Grows.

Travel in almost any part of Jacksonville and you will find the gratifying fact that there is more building going on this year than has been true for a long time past. One bricklayer said recently that he had worked on the foundations of thirteen different houses this season. To meet the demand for houses of moderate size the majority of those being built this year are of that class. That the demand is good is indicated by the number of applications that owners have had to rent property long before ready for occupancy. One owner of a six room modern cottage in the course of construction received ten applications from persons who wished to rent it. If you think Jacksonville is not growing, just drive thru the four wards and figure out where the people are coming from who are occupying all these new residences.

Neglecting Opportunities.

The talk about preparedness is reaching out to the farms and the Southwest Trail, a farm magazine published by the Rock Island railroad, declares that if an emergency should come and the need arise that an increase in production of from ten to fifty per cent of breadstuffs and livestock could be made in a number of the central Mississippi valley states. The wheat, corn and cotton states cannot only sustain themselves but could furnish the great bulk of supplies for the country if the need occur.

This, it is pointed out, could be accomplished by a comparatively quick change in the farming program of these states—that is, devoting particular attention to those things especially needed as a part of the nation's food supply. The government certainly does come into closer touch with the farming community now than ever before. This is due to the development of the agriculture department and to the farm adviser system, which has grown to such important proportions. Thru the Smith-Lever act the government has assured appropriations of \$40,000,000 covering a period of fifteen years in the support of the farm adviser system.

If these quick increases in production could come as the crop expert quoted has declared, are not the farmers of these Mississippi state sleeping on their rights when they are not causing this increased production without the emergency demand? Certainly they are losing money.

Two Views of the Mexican Problem.

In a recent interview in the Independent, former Speaker Joseph C. Cannon declares unequivocally that "the sooner we stop calling the present situation between Mexico and

the U. S. an emergency and recognize that there is now and has been for months a state of war, the better off we will be."

Mr. Cannon deplores the fact that ship load after ship load of ammunition has been sent to Vera Cruz and other Mexican ports and are still going. He points out that things have been going from bad to worse in Mexico since Huerta was put out and declares that we might just as well recognize that Carranza, Villa, Zapata and the others whose names are familiar as leaders are nothing more or less than bandits.

"I would go in there," said Mr. Cannon, "for the benefit of civilization, for the benefit of the whole world, for the benefit of that unfortunate population in Mexico, for the benefit of the people of the United States and for our peace and comfort. If I had supreme power I would go into Mexico not as an excuse. I would go into Mexico and have the manhood to say that we cannot have permanent peace, that we cannot be protected in Mexico, that we cannot be protected in the United States until there is set up in Mexico a government, a military government, a government of force to start with; and then, after setting up a government of that kind, let it be administered until a Mexican is found who is strong enough to maintain order in that country."

In the same issue of the Independent, David Starr Jordan, while admitting the seriousness of the Mexican situation and the mistake of recognizing Carranza, expresses the belief that the time has not yet come for intervention. He says, "I am not convinced that intervention by force of arms is necessary. I am not convinced that it can be avoided, but I have a growing conviction that it can be. I see many signs of the coming regeneration; I see armed bandits cease to oppress, schools arise, and there are movements toward an agrarian freedom and release from cruel exploitation. All this to be effective must be without violence. Force means only the killing of young men enough that the rest may be terrorized or paralyzed. In itself it will accomplish nothing. Schools, sanitation, justice, science, must come close behind it as in the Philippines else it represents more waste and brutality. Mexico needs all of these elements, the lack of them is the cause of her evil plight. Only the largest need would justify intervention and the aim and method is not to fight but to intervene. Should war ensue it would be because we cannot help it, not because we trust it as a method of civilization." President Jordan sizes up the strength of Carranza by the fact that one dollar bills in the national paper money of Mexico are now rated at 5 cents.

The reading of the articles, by President Jordan and Speaker Cannon emphasizes that the president is right in theory and the speaker right in fact. Mr. Cannon is not advocating intervention for aggression but intervention in the name of humanity and peace.

THE PASSING OF DAN PATCH.

Dan Patch, the fastest harness horse the world has produced died at the farm of his owner Henry W. Savage near Minneapolis Tuesday. Dan Patch was a son of Joe Patchen, also was one of the world's greatest race horses. In the 90's Joe Patchen and Star Pointer had the greatest race ever seen on a track at the state fair in Springfield. Star Pointer won and incidentally set a race record at 2:00 3-4.

Dan Patch came forth as the world's greatest pacer at about the same time that Lou Dillon appeared as the greatest trotter. Both of them were hailed as the first horses to pace or trot a mile in less than two minutes which had been the goal for many years of all breeders.

In all respects Dan Patch was the greatest horse of all time and none has appeared yet to dim the luster of his performances. Early in his career he showed phenomenal speed and at an early age he was retired from the racing circuit and given entirely to exhibition races.

Dan Patch reached his zenith in 1903 when he was probably about five years old. He put the world's pacing record at 1:55 1-4. This was done with a runner as pacerman drawing a sulky with a shield, presumably to keep the dust from bothering the horse. A great many, however, said that it also acted as a wind shield and enabled the horse to make faster time.

This led to a trial against time by Dan Patch without the aid of the wind shield. The trial was paced at Memphis, Tenn., Oct. 27, 1903 and the horse went the mile in 1:57 1-4. It perhaps is the most wonderful mile ever paced or trotted and demonstrated the phenomenal speed of Dan Patch.

About that time Henry Savage purchased the horse for \$60,000. Be it said of Mr. Savage that he never allowed a horse to race for purses or money after he bought him. It was fitting that a horse of the grand qualities of Dan Patch should fall into the hands of Mr. Savage. It insured him the case which should be lot of every horse of his quality.

Dan Patch died at a comparatively early age, being about 20 years old. Since his retirement many fast horses have come to the front. None of them has shown the speed of Dan Patch and even tho his record may some day be equalled or beaten there will always be a halo surrounding his name which time cannot tarnish.

U. S. ORDERS 100 MOTOR TRUCKS

Moline, Ill., July 11.—The United States government has placed an order for 100 motor trucks, valued at \$200,000 made today. The trucks must be completed and shipped to the Mexican border by August 1st. The government also awarded an order for 1,000 wagons of the total value of \$127,600.

MORTUARY

Burbank

Francis, the three year old son of Mr. and Mrs. B. T. Burbank died at the family home in Wellston, Mo. Tuesday morning at 10 o'clock. The parents and one sister, Caroline, survive. Mrs. Burbank is a sister of Mrs. E. A. Schoedsack and Mrs. Dexter Woodward of this city. They expect to go to Wellston this morning to attend the funeral which will be held this afternoon.

Fernandes

Miss Caroline Fernandes died at the family home northeast of the city Tuesday afternoon at 1 o'clock. She had been in poor health for several years but it was only last Thursday that she became confined to her bed. Deceased was born in this county 56 years ago and all her life has been spent here. She is survived by her mother Mrs. Mary Fernandes and one brother, Danid Fernandes. She was a member of Northminster Presbyterian church. Funeral services will be held from the residence northeast of the city Thursday afternoon, the time will be announced later.

Interment will be made in Jacksonville cemetery.

SOCIAL EVENTS

Woman's Country Club

Entertained by Mrs. Tindall.

Woman's Country club of Orleans was entertained by Mrs. Tindall Tuesday afternoon. A paper "Beauty in Common Things", was given by Mrs. Mary Holmes. The hostess also entertained the company with a number of Victrola records. On roll call the members responded with "My Most Disagreeable Task." The Tindall home was tastefully decorated with flowers. Visitors were Mrs. James Strawn and daughters, Miss Hazel and Mrs. Frank Plouer of Jacksonville and Mrs. Samuel Darley of Franklin. At the conclusion of the program dainty refreshments were served.

Mrs. George Stice Entertains

Hebron Missionary Society.

Mrs. George L. Stice entertained the members of the Woman's Foreign Missionary society of Hebron church at her home near Sinclair Tuesday afternoon. Members of the society to the number of thirty were present. The program follows:

Leader—Mrs. R. W. Robinson.

Devotionals—Mrs. J. C. Swain.

Over Seas News—Mrs. Arthur Coulson, Mrs. Ann Hodgson and Mrs. Hattie Swain.

Music—Mrs. Howard Cully, Miss Elsie Stice.

At the conclusion of the program refreshments consisting of ice cream, cake and lemonade were served by the hostess.

Several new members were taken into the society at this meeting. Mrs. Marvin Thompson and Mrs. William Foster of Alexander and Mrs. Homer Gully, Mrs. E. O. Cully and Mrs. Gladys Hayes of Hillview were guests of the society.

HOUSANDS OF ACRES
OF LAND UNDER WATER

Fargo, N. D. July 11.—With thousands of acres of land under water in the Red river valley the farmers of Valley counties are facing a serious condition, especially as regards the forage supply. Every stream and ravine is spread out over the country and water is standing on the flat grounds for miles at a stretch.

GENERAL MILLS IS U. S. CHIEF OF MILITARY AFFAIRS

Name of General Has Not Often Been
Seen But He Has Had Important
Part in Army Mobilization.

Washington, D. C., July 11.—The successful mobilization of the state troops on the southern border is due in no small measure to Brig. Gen. Albert W. Mills, altho his name has appeared but infrequently in the "war" despatches of the past few weeks. As chief of the division of Military Affairs on the General Staff of the United States Army, General Mills has labored incessantly for several years past to put the state militia in a condition of "preparedness" for just such an emergency as that which arose when the trouble with Mexico reached its climax.

That the situation has been well handled by the military heads is generally acknowledged by all persons who are competent to judge of such matters. Of criticism and fault-finding there has been a plenty, but as is usually the case the severest criticisms have come from those who know the least about military affairs. There are few who would venture to assert that the recent crisis did not find the state troops in a far better condition to answer the call to arms than would have been the case had the call come several years ago, before the reorganization of the state militia was effected under the general supervision of the present head of the Division of Military Affairs.

Few of the present officers on the active list of the United States Army have had a wider variety of experience in military affairs than has General Mills. In addition to active service in the field in Cuba and the Philippines he has served as superintendent of the United States Military Academy and as head of several of the most important bureaus of the army.

General Mills was born in New York city in 1854 and was graduated from West Point in the class of 1876. After a period of service in the department of tactics at the military academy, he was ordered to the far west and participated with distinction in several Indian campaigns, notably against the Crows in 1887, and against the Sioux in 1890. He was made captain and assistant adjutant-general in the second brigade, cavalry division, fifth army corps, in 1898, and superintendent of United States cavalry in the same year.

When the war with Cuba broke out, General Mills was on duty as inspector in strategy and tactics in the officers' school at Fort Leavenworth. He was ordered to the front and served with distinction in the Santiago campaign. He was commended for conspicuous gallantry in the battle of Las Guasimas, and that of Santiago de Cuba, in which he was seriously wounded. For gallantry in this action he received the congressional medal of honor, and for gallantry in both battles he was brevetted major and lieutenant-colonel July 1, 1898.

On August 12, 1898, General Mills was appointed superintendent of the West Point academy, a position which he filled for eight years. His services here were no less distinguished than in the field. He was largely instrumental in securing from Congress the appropriation of \$7,500,000 for the improvement of the academy. His own plans for the improvement, both general and in detail, were approved by the Secretary of War and adopted by Congress over the plans submitted by ten of the best architects of the country and provided for the needs of the academy both for the present and for many years to come. Indeed, the new institution is a splendid record of General Mills' service, of his ability and far-sighted patriotism. It is a service of peace no less renowned than that of war.

General Mills was promoted to the rank of brigadier-general on May 7, 1904. On the 31st of August, 1905, he was relieved of the superintendency of the military academy and ordered to the command of the department of the Visayas, Philippine Islands. After two years spent in the Philippines, the last year as commander of the department of Luzon, he returned home to become commander of the department of the Gulf, with headquarters at Atlanta. Then came a period of ten months of service as president of the Army War College, and in September, 1912, he assumed the duties of his present position on the General Staff.

TUESDAY IN CONGRESS

Senate

Met at 10:30 a. m.
Resumed debate on agriculture bill.

Democrats agreed on nine hour daily sessions to expedite business and Republicans named committee to confer with them on legislative program.

Recessed at 5:55 p. m., to 11 a. m., Wednesday.

House

Met at 11 a. m.

Miscellaneous business considered.

Military committee favorably reported resolution directing the war department report on conditions incident to mobilization of the national guard.

Military committee favorably reported the Baker volunteer officers' retirement bill.

Adopted conference report on river and harbor appropriation bill by a vote of 187 to 132.

Resumed consideration of senate general dam bill for regulation of water power.

Adjourned at 5:25 p. m., to 11 a. m., Wednesday.

SIR WILLIAM WALLACE DIES.

London, July 11.—Sir William Wallace, for many years in the service of the British government in Nigeria, died today. He probably was the most notable figure in the subjugation of the Fulani nation and the acquisition of Nigeria by the British empire.

DEUTSCHLAND MAY LEAVE IN TEN DAYS

(Continued from page one.)

Captain Koenig meanwhile was taking luncheon at a local hotel.

Report on Examination

Washington, July 11.—Final decision by the state department that the German submarine Deutschland is a merchant ship entitled to all privileges accorded under international law to a belligerent owned freighter, was forecast tonight by a report made by naval officers and treasury officials.

Collector Ryan of Baltimore telegraphed the treasury department that after a thorough examination of the boat by himself and Captain C. F. Hughes, appointed by the navy department to assist, he adhered to his previous opinion that the vessel is an unarmed merchantment, incapable of conversion for warlike purposes "without extensive structural changes."

The state department was advised of this and a detailed report mailed by Collector Ryan and Captain Hughes will be submitted tomorrow.

Department officials tonight believed that a prima facie case tending to prove that the Deutschland is a peaceful and unarmed merchantman had been established.

Formal representations have been made by the British and French embassies holding that submarine is a "potential warship" not entitled to the freedom of American ports and subject to attack at sight on the high seas. These contentions will be considered in connection with the report of the federal investigators. Acting Secretary Polk said tonight the allied diplomats would be informed of the result only if they made inquiry. The duty now of the United States, officials explained, is to see that no structural changes are made during the Deutschland's stay in American waters which would fit her for hostile purposes. But should the ruling of the navy and treasury investigators be sustained, the Deutschland, like any other merchantman, would have the right to clear with cargo, including guns, munitions or German reservists.

Begins Unloading Cargo.

Captain Koenig was with a party of officials of the North German Lloyd, German Americans of local prominence and their wives at the luncheon. He sat at the head of the table, was on his feet instantly when the orchestra played "Die Wacht am Rhein" and arose no less quickly when the "Star Spangled Banner" was played as the next selection. The Deutschland today began unloading her cargo of dyestuffs. This task probably will be completed on Thursday, after which she will begin to take on her return cargo of nickel and rubber.

The agents of the craft said today that the cargo had been consigned "to order" and would be delivered to concerns who presented bills of lading. How these documents reached the hands of the British they declined to explain.

The interned German Steamship Neckar was towed up close to the Deutschland today and will serve as quarters for the crew of the submarine while in port.

READY TO RACE AT YONKERS.

Yonkers, N. Y., July 11.—Arrangements are completed for the opening here tomorrow of the seven-day race meeting under the auspices of the Empire City Racing association. With many of the fastest horses in the East entered, the track in good condition and substantial purses promised for each day, the managements expects one of the best meetings ever held at the local track. For the fifteen stake events on the program there are nearly 1,000 thoroughbreds named by seventy-six nominators.

COUNCIL APPROVES VETO.

Havana, July 11.—The veto of President Menocal of the Mazatlan was approved today by the council of secretaries. The law provided that a president of Cuba who was a candidate for re-election must resign sixty-five days before election.

SUGGESTS CLOSER AMITY BETWEEN NATIONS

Chicago, Ill., July 11.—Closer amity between the United States and other nations of the world was suggested in a telegram which was sent to President Wilson by the board of directors of the Illinois Manufacturers at its monthly meeting here today.

YOUR FEET HURT?

Broken Down Arch

WHAT causes the pain?—bunions, callouses, broken down arch? Or do you know the reason? Whatever it is, it is due to some bone or bones of the foot being out of normal position as a result of improperly fitted or ill-shaped shoes. It is better to give your feet some attention now than to suffer total disability by neglect. Pains in the back, knee, calf and ankle are often mistaken for rheumatism, but are directly traced to some dislocation of the bones of the feet, as a result of an unnatural strain of the arches.

Bring Smiles

New Post Toasties were perfected to overcome the defects of the old-style corn flakes. And the hearty welcome they have received is ample proof that their superiority is recognized.

New Post Toasties have a self-developed, inner-flavor—the rich flavor of choice Indian corn. Try a handful dry—they're mighty good that way, and the test will prove, unlike common flakes, they do not depend on cream and sugar for palatability.

New Post Toasties do not "chaff" in the package, and they don't mush down in cream like common "corn flakes." The New Post Toasties are identified by tiny bubbles on each flake—produced by the quick, intense heat of the new process of manufacture, which also develops their wonderful new flavor.

Have your grocer send a package for tomorrow's breakfast.

UNION SERVICES AT CONCORD PROVING SUCCESSFUL

Second of Series at Christian Church—Ladies' Aid Society to Give Social—News Notes.

Concord, July 11.—John C. Eskew took passage on train No. 48 Sunday for Sikeston, Missouri, joining with John A. Weeks of Arenzville in a trip to look at Missouri land. They returned Monday night.

R. E. Fox went to Dexter, Miss., Saturday on a similar errand.

The Jacksonville visitors Saturday were Mr. and Mrs. James A. Smith, H. C. Lippert, James E. Rife, W. H. Williamson, M. O. Smith, John C. Eskew and son Alpha.

Robert Merrill of Roseville is here on a visit to Mr. and Mrs. W. H. Williamson.

Mr. and Mrs. R. G. Thompson of Jacksonville visited the Williamsons, attended morning church service and after dinner went to North Prairie in Cass county, where a son resides.

Miss Mamie Kennedy of Jacksonville is visiting the Misses Hester and Sara Deitrick.

Mr. and Mrs. Roy Abernathy were Concord visitors on Sunday and went home with relatives for dinner.

Mr. and Mrs. W. F. Nergenah went to Arenzville Sunday for a visit with their daughter, Mrs. H. Brockhouse.

The Ladies Aid social will be next Saturday evening on the church lawn at the Christian church.

J. B. Cooper and sons Jay and Farrel went to Litterberry Sunday morning to see the new baby boy at the home of Mr. and Mrs. A. Peterson.

George Nortrup and Elmer Plank were in Meredosia on Sunday.

Arthur Yeck and Miss Ethyl Plank were visiting Miss May Parlier west of Arenzville on Sunday.

Dr. A. O. Magill was called to Beardstown Sunday evening.

The union evening services here are proving a decided success. On Sunday night the second of the series was held at the Christian church and a splendid audience filled the auditorium and Sunday school room. All three pastors were present. Rev. Fairchild read the scripture lesson, Pastor L. M. Mullikin made the prayer and the sermon was by Rev. W. P. Bowman. His text, Romans 12-1. The discourse was a splendid exhortation to true holiness. He brought out the fact that so many men and women seem to think that they can give their souls to God, while in the sanctuary, and their bodies to the devil the rest of the time. The choir was made up from all three churches and in addition to the regular hymns, a male quartette sang "Speed away." Bert Way, Thurston Hutchinson, Spencer Smith and C. O. Bayless composed the quartette. The next service will be in the Methodist Protestant church. Every one ought to turn out to the meetings and gain new inspiration.

Minister L. M. Mullikin and wife entertained twenty four little folks from two o'clock to five, Monday afternoon in honor of the 11th birthday of their daughter Alma. Those present were as follows: Merle Gray, Marie Way, Gertrude, Homer, Helen and Christine Loughary, Grace Nortrup, Grace Whitlock, Dorothy Smith, Pauline Roe, Ernestine Roe, May Johnson, Mabel Yeck, Ruth Yeck, Mary Bayless, Veryl Plank, Teresa Hamm, Mildred Hamm, Leona Elvidge, Winola Elvidge, Helen Meyer, Mary Meyer and Phelma Reams. Ice cream cake was served. A good time was had by those present and Alma received some presents as remembrances.

Mrs. Weeks and Miss Charlotte cream cake was served. A good day visitors at Henry Nortrups in Concord.

Mrs. Dick Nortrup of Bluffs came up Tuesday to see her daughter, Mrs. Luella Brockhouse. Her son Clarence brought her.

Andrew Wheeler came up from near White Hall Tuesday for his threshing machine which was at J. E. Whortons. He was accompanied by Walter Brockhouse who works for him.

Mrs. L. H. Plank was a Jacksonville visitor Tuesday.

CARL COAKLEY HAS SERIOUS INJURY TO EYE

Carl Coakley, mechanical engineer of the city water department, was struck in the right eye with a piece of nail Tuesday morning and the injury may result in the loss of the eye.

Coakley was cutting a nail at the time of the accident. He was using a chisel and hammer and had the nail lying on an anvil. When the chisel cut thru the nail the piece struck him in the right eye rupturing the eyeball.

He was removed to Our Savior's hospital and Dr. Adams attended him. Examination showed that the eyeball had been cut and some of the iris escaped. This was removed by Dr. Adams and the wound closed. Afterward an X-Ray was taken of the eye which will show the exact extent of the injury.

While the injury is a serious one Dr. Adams has hopes that the sight may be saved. Coakley is still at the hospital and it will be several days before he will be able to return to work.

PROBATE COURT

In the estate of Harvey J. Rount, report filed was approved.

In the estate of Elizabeth Frye, the petition for letters of administration was heard and allowed and same were ordered to issue to A. R. Eyre, with bond in the sum of \$5,000.

In the matter of the Independence avenue and Hooker street sewer petition for the approval of the work was allowed, no objections being filed.

Richard Ommen of Arenzville was in the city on business Tuesday.

MRS. FANNIE THOMPSON DIED IN SPRINGFIELD HOSPITAL

Deceased Was Well Known Cass County Resident—Funeral To Be Held in Virginia.

Virginia, Ill., July 11.—Died at Springfield hospital Monday evening July 10, 1916, after long illness due to complications, Mrs. Fannie Wyatt Thompson, wife of Mr. Walter Thompson of this city.

Mr. Thompson was born in Oregon precinct about 62 years ago, and resided in that neighborhood until her removal to this city several years ago. Her parents, Mr. and Mrs. Wm. Wyatt, were among the earliest settlers in Cass county, and played an important part in the upbuilding of that locality.

Mrs. Thompson was a woman of strong personality, and her many loving traits endeared her to many friends.

In her home and church life she was always the same, her womanly traits of character made a lasting impression on all who knew her.

She was a devoted member of the M. E. church uniting with the church in early childhood.

She was united in marriage to Walter Thompson about 40 years ago, at the Oregon M. E. church, the late Rev. Jas. R. Garner officiating.

She is survived by her husband, one son, L. B. Thompson of Sylvan, one sister, Mrs. Jas. Struble of Newmansville, one brother, Jas. Wyatt of Ashland and two grandchildren.

The remains will arrive in this city at 11.59 over the B. & O. S. W. today, and will be taken to the residence. Funeral arrangements have not been completed.

NARROW ESCAPE OF MRS. HANSON

Mrs. L. C. Henry received a clipping from a San Francisco newspaper and a letter from her nephew, Oscar Hanson of Portland, Oregon, telling of the thrilling adventure and escape from death of his wife who was a passenger on the ill fated steamship Bear which went down a short time ago.

Only five women escaped death and she was one of them getting away in a boat which capsized not long after the wreck. Fortunately a man in another boat nearby caught Mrs. Hanson by the heel as she was going down and drew her into the boat in which he was and saved her life.

For hours the boat was buffed by the waves and finally reached land with its passengers nearly dead with cold and fatigue. With sand they covered their bodies and thus managed to keep warm till morning.

Mr. Hanson formerly was a resident of Jacksonville and an employee of the Bell Telephone company but left some years ago and for some time has made his home in Portland where he is employed in the office of a moving picture show company.

Mrs. Hanson is also employed by the company as an actress and was transferred to Los Angeles and was on her way there on the steamer that went down. Mr. Hanson also had orders to go later on but writing to his aunt says he will go by rail.

WANTED TO GET BROTHER OUT OF JAIL

Newton Floyd and Granville Floyd of Meredosia were in the city Tuesday trying to get their brother Leonard Floyd out of jail. It will be remembered that Leonard Floyd was arrested and committed to jail charged with an attempt to commit murder.

The arrest came about as the result of the free for all fight at Meredosia Saturday evening between Floyd and a number of Meredosia young men and the members of Atterberry Brothers show company. During the melee one of the showmen was struck on the head with a brick or stone and his skull fractured. Floyd is alleged to have been the one who committed the deed.

The Floyds went to Justice Dyer's court to see about the release of their brother. Justice Dyer asked them what security they could give and they said they owned a piece of property in Meredosia which was worth about \$1,000. Justice Dyer told a Journal reporter that he telephoned to the office of the assessor and treasurer and that the names of the Floyds could not be found on the books in the assessor's office.

Justice Dyer also said that J. B. Edlin who was arrested with Floyd had stated that he got off without paying any fine. Justice Dyer says there is no truth in the statement as Edlin was fined \$3 and costs and paid it before he left the Justice's office.

MUST PAY HIGH FOR WOOLEN GOODS.

New York, July 11.—Today marked the formal opening in the woolen trade for the lightweight lines for next Spring. Most of the principal buyers, foreseeing the advance in prices on account of the war, laid in their stocks some time ago, so that the mill agents do not expect to see a very great rush of orders at the present time. There is still a large part of the clothing trade to hear from, however, and it is certain that they will have to pay record prices for their needs. In some cases, it is said, the mills have placed high quotations on their product for the express purpose of staying sales until such time as they are able to get what they ask.

WIFE TOO ILL TO WORK

IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana. — "My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy."—Mrs. Wm. Green, 332 S. Addison Street, Indianapolis, Indiana.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy.

If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

To Avoid Dandruff

You do not want a slow treatment when hair is falling and the dandruff germ is killing the hair roots. Delay means—no hair.

Get, at any drug store, a bottle of zemo for 25c or \$1.00 for extra large size. Use as directed, for it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is sure and safe, is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkali. The best thing to use is zemo, for it is pure and also inexpensive.

Zemo, Cleveland.

BOSTON TAKES DOUBLE HEADER FROM CHICAGO

VICTORIES MOVE RED SOX BACK INTO THIRD PLACE.

White Sox Use Six Pitchers in First Game But Boston Clinches Contest in Third Inning—Boston Out-hits Opponents in Second Game.

Boston, July 11.—The Boston Americans defeated Chicago 5 to 3 and 3 to 1 in today's double header, the victories moving the local team back into third place. Six pitchers were used by the visitors during the first game, but the locals clinched victory during the third inning when they scored four runs, two of which were forced in by Cioetto. In the second contest the Boston team outbatted their opponents and the hitting was timely.

Chicago 001 000 00—1 6 1
Batteries—Ruth and J. Thomas; Wolfgang and Schalk.

Cleveland, 2-4; New York, 8-2.
New York, July 11.—New York and Cleveland broke even on a double header here today, the home team winning the first game 8 to 2 while Cleveland won the second game 4 to 2. Pitcher Cullup, who started the first contest, won his ninth straight game of the season. He was taken out in the fourth for a pinch hitter. Baker made a home run with two on bases in the first inning.

The pitching of two minor leaguers who finished featured. Russell, who relieved Cullup did not permit a hit in five innings, while Gould a youngster just obtained by Cleveland from Davenport, allowed only one Yankee hit in four innings and struckout six men.

In the second game Cleveland knocked Keating out of the box in the third inning and Russell, who relieved him, again pitched shutout ball.

First Game:

YESTERDAY'S RESULTS.

National League.
Boston, 2; Pittsburgh, 3.
Philadelphia, 2-4; Chicago, 1.
New York, 8; Cincinnati, 4.
Brooklyn, 5; St. Louis, 4.

American League.
Chicago, 3-1; Boston, 5-3.
Cleveland, 2-4; New York, 8-2.
St. Louis, 8-0; Philadelphia, 3-3.
Detroit, 4-1; Washington, 3-3.

Western League.
Topeka, 3; Omaha, 3.
St. Joseph, 0; Des Moines, 6.
Denver, 8; Lincoln, 7.
Wichita, 6; Sioux City, 8.

American Association.
St. Paul, 2-5; Indianapolis, 1-1.
Milwaukee, 7-4; Toledo, 6-1.
Minneapolis, 4-4; Louisville, 8-1.
Kansas City, 2; Columbus, 1.

Three Eye League.
Rockford, 3; Rock Island, 6.
Davenport, 6; Moline, 12.
Hannibal, 5; Quincy, 3.
Peoria, 4; Bloomington, 5.

Central Association.
Marshalltown, 2; Muscatine, 7.
Fort Dodge, 0; Clinton, 3.
Mason City, 2; Cedar Rapids, 5.
Waterloo, 2; Burlington, 3.

WHERE THEY PLAY TODAY.

National League.
Boston at Pittsburgh.
Brooklyn at St. Louis.
New York at Cincinnati.
Philadelphia at Chicago.

American League.
Chicago at Boston.
St. Louis at Philadelphia.
Detroit at Washington.
Cleveland at New York.

DAN PATCH DIES.

Minneapolis, Minn., July 11.—Dan Patch, pacing king owned by M. W. Savage, Minneapolis, died of athletic heart at Savage Farm, Savage, Minn. today. In 1906 the champion pacer went a mile over the St. Paul track in one minute and fifty five seconds flat, the premier sulky record of the world.

Dan Patch was bought by Minneapolis horsemen for \$60,000. He was withdrawn from the tracks several years ago and has since been used for breeding purposes.

YOUNGBLOOD PRAIRIE.

Mr. and Mrs. J. S. Sheppard, Mr. and Mrs. Eugene McPhail and son spent Sunday with Clarence Dalton. F. M. Hagerford and O. M. McLamar delivered a horse to the Hatfield Produce company of Jacksonville Monday.

James O'Brien was a county seat victor Saturday.

George Stansfield and a force of cement workers are building the wall of the basement of the new house of Lee Wyatt this week.

Gus Henry was a county seat victor Friday.

Corn plowing is about over and oats harvest will come next week a few weeks to begin threshing soon.

O. A. Wilson and little daughter, B. F. and Elmer Jones, Mrs. Henry Fanning, J. K. and W. F. Henry, William Cox, O. P. Steele and Albert Harkelode are among the sick ones of recent date in this vicinity.

Mrs. Mary McNish and children returned to their home after a visit with Mrs. McNish's sister, Mrs. Robert Nivens and family.

Mrs. J. P. Story returned to her home in Jacksonville Wednesday after visiting a few days at the home of her son, C. F. Story of this vicinity.

PISGAH.

Miss Alberta Davenport spent a few days last week with her sister, Mrs. Will Evans and family of Franklin.

Miss Bernice Wood was the guest of her aunt, Mrs. Burnett of Waverly a few days last week.

Mr. and Mrs. J. B. Wood were Jacksonville shoppers last Saturday. Rev. Edward Curry preached at Hartland church last Sunday.

Harrison Davenport was a visitor in Murrayville Sunday.

Mr. and Mrs. A. J. Ferguson of Alexander spent Sunday with their daughter, Mrs. Otis Wood and family.

Batteries—Daus, Cunningham and Baker, Stange; Gallia, Ayers, Dumont, Boehling and Henry.

Second Game:
R. H. E.
Detroit 000 010 00—1 3 2
Washington 002 000 01—3 7 1
Batteries—Roland and Baker; Johnson and Almsmith.

WHITLED'S BASE WORK WINS FOR ATHLETICS

PHILADELPHIA LOWNS CUBS BY 2 TO 1 SCORE

Whitted Singles, Steals Second and Third and Counts on Fischer's Wild Throw—Fischer Cuts Down Four Philadelphia Runners

Chicago, July 11.—Whitted's fast base running in the seventh scored for Philadelphia and Alexander the winning run in a 2 to 1 pitchers' battle over Lavender today. Whitted singled, stole second and third and counted on Fischer's wild throw. Fischer cut down four Philadelphia base runners.

Summary.
Stolen base—Whitted 2. Sacrifice hit—Niehoff. Double play—Alexander to Ludrus. Left on base—Philadelphia 3; Chicago 2. Bases on balls—off Alexander 1; Lavender 1. Hits and earned runs—off Alexander 1 and 1 in 9; Seaton 0 and 0 in 1. Struckout—by Alexander 7; by Lavender 4. Umpires O'Day and Easton. Time 1:40.

Pittsburgh 3; Boston 2
Pittsburgh, July 11.—Pittsburgh defeated Boston here today by a score of 3 to 2. The visitors made two runs in the fifth on two bases on balls and Maraville's hit. The Pirates tied the count in the seventh on two triples and a single and won the game in the next inning when Wagner singled, took second on Hinchman's sacrifice and scored on Barnes' wild pitch.

Score:
Boston 000 020 000 12 5 0
Pittsburgh 000 004 213 3 19 0
Hughes, Barnes and Gowdy; Kannehner, Jacobs and Wilson.

New York 8; Cincinnati 4
Cincinnati, O., July 11.—New York won from Cincinnati here today 8 to 4. With the score tied in the 10th Merkle doubled. McKeechies then sacrificed and was safe. McKeechies scored on pinch hitter Robert's sacrifice fly. Burns followed with a home run. McKeechies also scoring. Kauff tripled and scored on Robert's single. Burns made four hits, two of them home runs in five times up.

ASBURY.

Mrs. George Newman, Jr., who teaches the young ladies class and George McKean, who teaches the young men class of the Asbury Bible school entertained their pupils at a picnic supper in Nichols park last Saturday evening.

Misses Helen Craig and Sarah Rees were Thursday guests of Miss Ira Green.

Mr. and Mrs. C. N. Priest and daughter, Miss Eula of Jacksonville and Misses Nellie and Grace Hembrough spent Sunday with Mr. and Mrs. Carl Hembrough.

Misses Minnie Ludwig and Eleanor Henshaw of White Hall were Sunday guests at the home of Mr. and Mrs. Joseph Megginson.

Mr. and Mrs. Chauncey Carter attended the Elsinor Club meeting at the home of Mr. and Mrs. Albert Hopper near Sinclair.

Mr. and Mrs. R. W. Megginson were Thursday guests of their daughter, Mrs. Carl Hembrough.

Mr. and Mrs. Robert Smith and daughter Ruth of Woodson were Sunday guests of Mr. and Mrs. James McCormick.

Mrs. E. J. Reynolds and daughters Mildred and Virginia and Mrs. C. L. Hembrough visited Mrs. Frye one day last week.

Charles Rabjohn, Mrs. Mae Chaney and daughter Mabel, Miss Mary McIntyre and Joy Rabjohn left Tuesday morning for Kingsville, Texas, for an extended visit.

SELLING MOVEMENT OF WAR ISSUES BECOMES MORE ACTIVE

Only a Few Special Stocks are Spared in the Sense That Their Losses are Comparatively Nominal.

New York, July 11.—Further enforced liquidation of "war brides" and other specialties of kindred description was witnessed today, the selling movement being more active and comprising an unusual number of issues. Only a few special stocks were spared in the sense that their losses were comparatively nominal.

United States Industrial Alcohol yesterday's sensationally weak future, repeated its low price of 107 1/2 but rallied to 114 and closed at 111, a net gain of 2 1/2. Incidentally the break in these particular issues whose by-products enter into the manufacture of explosives was in part ascribed to the arrival of the German submarine, laden with dyes, stuffs and chemicals. More likely, however, their depreciation resulted mainly from a weakened technical market position.

There was constant selling of the shipping issues. Studebaker featured the motors falling 7 1/2 points with five for Maxwell and over three for Chandler.

Rails and investment stocks in general were more moderately depressed losing a point or thereabouts with as much for United States. Bethlehem Steel's maximum loss of 7 1/2 points followed reports of damage by fire to one of the company's plants. Total sales of stocks amounted to 658,000 shares. Bonds were heavy.

Looking Behind Preparedness

A recent number of the Outlook has an admirable article by Harold Hallock on the subject of preparedness. In fine the article sums up two facts. The nation that is best prepared for war is best prepared for peace in conserving every possible resource, giving the individual wage earner and the agriculturist much assistance in many ways both in advice and cooperation, and in fine bringing the inhabitants to the highest state of efficiency.

Next the government must have absolute control of practically everything and create the greatest wealth producing means and then have full ability to use these means as deemed advisable.

The article is in no sense political yet it sets forth certain means by which the nation's resources have been enormously developed and which are such a degree of protection as to make the McKinley & Dingley bills playthings in comparison.

The farmers were not raising as much as they should and the government put a corps of best soil expert chemists to work and the result has been a doubling of the crops per acre.

Here is a fact not in the article. Some years ago the German government thought the farmers were not selling enough meat and importation was forbidden. One tourist forgot to throw a piece of bologna sausage out of his lunch basket; a lynx eyed official discovered it and the tourist had to pay a fine.

Between 1881 and 1900 more than 1,500,000 immigrants came to this country from Germany; during the past decade the country has lost none by emigration; that is, more have moved in than moved out. The government maintains workmen's exchanges so that a man may go from one place to another and seek employment and in times of stress the government undertakes special work. It owns the railroads and many other enterprises and sees to it as far as possible that men have work. It maintains a system of employment and health insurance and into the fund the employer pays some, workman some, and the government some. German schools have the same military thoroughness. The child must go till 14 years old and learn much more in a year than in this country. The schools give medical attendance and advice to parents and hot breakfast to the poor children and a holiday camp to the run down ones. Between the ages of 14 and 18 the youth has an opportunity while employed to attend continuation schools with much benefit. The government encourages thrift by aiding the poor man to build, seeing that he gets a lot at a fair price and loaning him money on easy terms and in many ways the municipality helps him.

The government provides the farmer expert advice at small cost; aids him in marketing his produce, sells him machinery and supplies at moderate rates and aids him otherwise. It placed a heavy import duty and an export bounty and subsidy (imagine such a thing in this country) and the result is well known. The railroads have been taken over by the government and all are run so as to build up business.

Combinations, such a bugbear in this country, are fostered in Germany under certain restrictions. A lot of firms in the potato trade, were competing vigorously and the government required them to combine and stop on their foolishness. The output is regulated so as to

get best prices and in general the whole business is removed from ruinous competition. A decade ago the Prussian minister of commerce said that to overthrow syndicates would destroy the ability of Germany to compete in foreign trade. The Outlook writer quotes the case of the International Harvester Trust in this country. He said after ten years of operation it faced a suit for dissolution. It was shown that it had been conspicuously fair to competitors, its stock had not been watered and it was selling a greatly improved product at no advance in price but the U. S. district court ordered it dissolved because in certain lines it controlled 85 per cent of the output. He goes on to say that if that is the final solution of our trust problem, in spite of American business enterprise and technical efficiency of our factories, Germany will drive us from the markets of the world. A lot of little squabbling enterprises cannot hold a foreign market against a single, great, coordinated enterprise any more than a lot of little squabbling, domestic armies can withstand a single great army.

In this country a condition of anarchistic competition prevailed in the petroleum business. The rise of the Standard Oil company put an end to the wasteful squabbles and established an American business as a great factor in international trade. It was finally required to dissolve into 34 companies and the intention was to restore competing in the oil business.

Our business men in foreign trade have often remarked that their German competitors seemed to have not only a business but a nation behind them.

Aside from the article in the Outlook.

The whole fact is: Germany is one vast machine commercializing everything, and all ruled with a rod of iron by one central power which asks permission of no one but compels obedience to its mandates. Men are not permitted to keep on their farms breeding animals not passed on by government officials and we send there for thoroughbred animals. Forests are watched by officials and a man may not cut down his own woods without permission. Railways are double tracked and at stations passengers must not step on the track but cross by a viaduct overhead. On long journeys generally passengers are locked in the cars and permitted to a light only when the officials give the word. Roads and railroads cross over or under and locomotives have no pilots or cow-catchers and bells.

The government thought there was something worth saving in coal tar and a bevy of best chemists was put to work at the problem and as a result Germany largely supplied the world with dye stuffs. Berlin is the model city of the world but a man may hardly cross the street without permission. All sewage is saved and reclaims vast tracts of worthless land. A man may not erect any kind of a structure except under the stern eye of an inspector and fires there are practically unknown.

In fine, everybody in Germany is the tenant of the Kaiser and is developed to the highest stage of efficiency and then plucked accordingly by the government. Before the war the Kaiser had a great lot of peace to maintain and complained that he couldn't get along on a salary of five millions a year. Germany has many wonderful advantages but would the people of the United States stand her laws and could we get capable, honest men to execute them?

YOUR MEAT

Should be the best obtainable, especially in warm weather.

The meats that we handle and sell are the best quality and are

Government Inspected

If you want QUALITY and CLEANLINESS try buying at

WIDMAYER'S CASH MARKETS

102 East State St., Op P. O. 317 West State St.

That nerve racking headache unsettles you and makes life miserable is probably caused by your eyes. Our work is scientifically thorough and is aided with the best optical equipment obtainable.

Moderate charges.

SWALES SIGHT SPECIALIST

WE PROVE IT

If you want conclusive proof of the superiority of our

Concrete Building Block

over the ordinary kind, come and see how carefully we make each block—see for yourself the large percentage of A-1 cement put in—feel the clean, sharp sand we use. Our blocks "stand up" and improve with age because they're made carefully and honestly. Estimates gladly submitted.

Modern Equipment

Both Phones 555 871 North Main Street Jacksonville, Ill.

MURRAYVILLE.

Miss Mae Cade of Woodson spent from Friday until Sunday with Mrs. Harry Cade and family. Miss Stella McCurley of Woodson and Miss Florence Short were guests at the Cade home on Sunday.

Joseph Taylor of Jacksonville visited his sister, Mrs. H. B. Rimbey Sunday.

Mrs. C. S. McCullum had dental work done in Jacksonville Saturday. Miss Vesta Paul returned to her home at Waterloo, Iowa, Monday, after spending several weeks with her aunt Mrs. B. D. Cade. Mr. and Mrs. Cade accompanied her as far as St. Louis.

Mrs. Mary Connolly was quite seriously ill Monday.

Claude Sandridge was called to Missouri Friday on account of the serious illness of his father.

Master Albert Sheppard spent Friday night and Saturday with his sister Mrs. J. W. Gunn.

Thomas Langdon, Jr., and family spent Sunday with his father Thomas Langdon.

Mrs. C. F. Wright has purchased a Ford car.

Mrs. E. B. Irwin went to Ashland Monday for a visit with relative and friends.

Misses Ruth and Velma Richards visited their aunt Mrs. Mary Gunn Saturday night and Sunday.

Mrs. Jane Smith of Roadhouse spent Friday with Grandma Smith and family.

Mr. and Mrs. S. S. Shepard went to Waverly Tuesday for a visit with their sons, Ray and Bryan Sheppard. Helen Bernice, the little daughter of Mr. and Mrs. Leo Stone has been quite sick the past week.

Mrs. William Still and son Lee visited Mrs. Annie Still and family Sunday.

Miss Bessie Brown of Roadhouse was the guest of Mrs. R. A. Phillips and family Friday.

RETURNS FROM IOWA

Jerry Cox, city commissioner, returned yesterday from a visit with relatives at Des Moines, Iowa. He made the trip there with his family in their Hudson automobile. Mr. Cox returned by train and the others will come in the car within a few days.

MEREDOSIA

The July birthday social of the W. F. M. S. will be held Friday afternoon on the lawn at the Methodist parsonage. Mesdames H. H. Hamman, W. G. Looman and James Galaway will entertain.

Misses Ruth and Florence McIntosh of Chambersburg were calling on friends here Friday afternoon.

Mrs. H. C. Wegehott and son Charles and Mrs. L. H. Wegehott went to Jacksonville Monday. The former will enter Our Savior's hospital for treatment.

Mrs. Charles Alden and daughter, Amanda of Moberly, Mo., spent Saturday here with Steve Orr and son Henry and wife. They were on their way to Peoria to visit relatives.

Mr. and Mrs. Will Hyatt are visiting relatives in Cooperstown this week.

Russell Long of Arenzville motored to this city Sunday.

Floyd Pond of Bluff Springs spent Sunday with relatives in this city.

Miss Beese Harshman of Halls is visiting at the home of Mr. and Mrs. Eli Harshman.

George Reed and family of New Berlin were Sunday guests at the home of Mr. and Mrs. True Pond. They were accompanied home by Miss Elton Pond who will make them a visit.

Mrs. Kate Carver and son Will started Saturday for the southern part of the state in their Ford car via Decatur.

Mr. and Mrs. Oscar Canham and family of Springfield are visiting with Mrs. Canham's parents, Mr. and Mrs. Rube Ham.

J. D. McLan who has been confined at home with illness the past week is slowly recovering.

Miss Pearl Larison of Jacksonville visited Saturday and Sunday with friends here.

Fred Hall of Jacksonville spent Sunday with his parents, Mr. and Mrs. J. E. Hall.

Edward Wackerle of Jacksonville has joined his wife and daughter in a visit at the home of Mr. and Mrs. A. E. Ritscher.

Mrs. Harry Morrow of Springfield spent Sunday here with her mother, Mrs. Frank Robb.

Dorris Moss has been quite ill the past week with an attack of appendicitis but is improving at this time.

Harry Moos took in the excursion to Ft. Madison, Ia., Sunday.

Mr. and Mrs. W. T. Hedenberg accompanied by Mrs. Bates and daughter Mrs. Nettie Wilson of Versailles motored to this city Sunday and visited with Mr. and Mrs. J. H. Looman.

Rev. T. L. Hancock visited Versailles Saturday and attended the camp meeting in progress there.

Arthur Dunn and family are packing their household goods preparatory to moving to Springfield to reside. They expect to load the car Wednesday.

Mr. and Mrs. Clyde McAllister and Miss Elsie Leonhard were Keokuk visitors Sunday.

Mrs. Minnie Stafford of Flint, Mich., spent Monday here with Mrs. Wash Davis. The Meredosias boys, who are employed in the Buick factory in the above city are boarding in the home of Mrs. Stafford. She reports them all well pleased with their employment.

W. A. Fotsch of Elmo, Mo., is visiting his mother, Mrs. Minnie Fotsch.

Mrs. Will Meier and Mrs. Harvey Meyer entertained their Sunday school classes with a picnic at the Fish Hatchery Monday afternoon.

A number of the young people took lunch to the Fish Hatchery Sunday and enjoyed the day. This is the seventh annual meeting of the number.

Mrs. Hattie Clemmons and Miss Ruth Lane of Versailles were shopping in our city Monday.

Mrs. Emma Selbert of Los Angeles, Calif., visited Sunday with Mrs. C. W. McLan and Mrs. Will Wilday.

Mr. and Mrs. Herman Lippert and daughters, Inez and Flossie of Concord visited Sunday with Roy Lippert.

Mr. and Mrs. Charles Thomason attended the funeral of a friend in Jacksonville Monday.

A petition was circulated by Mrs. Jane Floyd Monday to have her son George released from jail. He had been placed there for non-payment of alimony to his wife.

Mrs. George Floyd has gone to Oklahoma to reside.

Ivan Ham and Irvin Smith left Monday evening for Flint, Mich., to work in the Buick factory in that city.

NOTICE

Anyone employing Earl Martin, a minor, will be required by law to pay his wages to his mother.

Ada Clayton.

SINCLAIR.

Mrs. A. A. McNeal and your scribe visited Mrs. Sarah Malone of Prentice one day last week.

Almost everyone is thru plowing corn and now all are working in the hay.

Frank Hunter sold his corn, to be delivered at this place Monday, July 15th.

John Moore sold his driving horse to Mr. Norris of Jacksonville for \$100.

Mrs. Ralph Wolf received a message stating her grandma Cody was critically ill. He is 90 years old and lives in the east part of the state.

Rev. F. A. McCarty delivered an address to the Hebron society Sunday morning in W. L. Hopper's implement building.

Rev. Wm. Lewis of California was visiting in this neighborhood for two weeks and returned to his home to take up his work again.

Everybody Happy

Father, Mother, the Youngsters
Down to the Baby

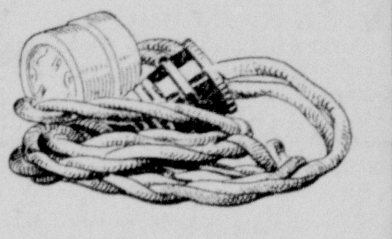

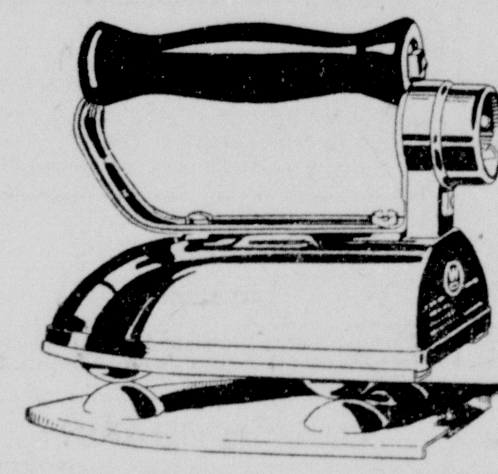

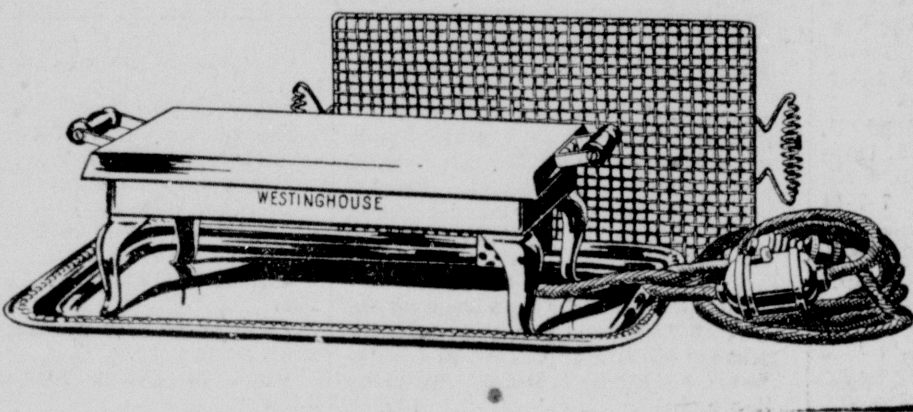

At Home in the Office

Everything moves smoothly and without irritation—the necessary work becomes less irksome, and is accompanied with little fatigue, wherever electricity reigns!

Hot Weather Has No Worries for the Electrically Equipped

Every Home Should Be as Well Provided as the Modern Office.

Perhaps you have thought of electric fans only as comforts for offices, stores, restaurants, lodge rooms and other public places. But, 'why under the sweltering sun' shouldn't you and your family be comfortable at home when it can be accomplished with so little trouble and expense? Phone us to send out a fan—the come in various sizes, suitable for small or large rooms, and the expense of operating is almost too insignificant to consider. Then there's the homemaker's comfort to be considered, and every one knows that if her home is so equipped that she is able to attend to her duties with but little trouble and in a pleasant way, it is well worth the price.

Why not invest in an electric iron, a toaster stove, an electric percolator, or any one of the dozen little modern contrivances that makes home life so joyous that you will wonder why you never thought of those things before. At any rate drop in and talk it over with us, or phone 580 (either phone) for Mr. McLaren to call and see you.

Jacksonville Railway and Light Company

Second Hand Reminiscences

The Journal is in receipt of the following interesting communication from Mrs. Lila Chapman Tucker of Rapids City, Ill., who many years ago was a resident of Jacksonville. In her letter Mrs. Tucker says, 'I was born in Jacksonville but raised in Scott county, Iowa. I have three distinct loves in my heart: one is for Jacksonville, with its advantages and beauties; one is for Ireland, dear old sod; I am Irish thru and thru' for the sake of grandfather Gowdy. Another is for the glorious 'old dominion' for the sake of the other grandfather.' Mrs. Tucker's recollections of other days in Jacksonville follow:

A kind friend in Jacksonville recently mailed me a Daily Journal containing a report of the commencement days at Illinois College. These happy ceremonies revitalized my early memories of the college days of my old aunts, long since passed beyond, which had been told to me with all the fascination of genuine fairy stories.

And now, alas! since then the third generation of girls and boys have just been handed their diplomas! You know that in those olden times it was considered outlandish for girls and boys to attend school together. Now, co-education is the pleasant custom. So when our great Illinois college was planned the girls were considered in the plan by calling their part 'The Jacksonville Female Academy.'

Of my grandfathers, Robert Gowdy, Jr., had three daughters in the academy, Marie, Eliza and Jane. The other grandfather, Rev. Jessie Chapman, a Baptist minister from the state of Virginia, also had three daughters there, Elizabeth, Cordelia and Penelope. These girls turned out to be cultivated, christian women, an honor to their parents and teachers.

The day of Miss Eliza Gowdy's entrance to the academy she was given a seat-mate named Miss Mattie Dillon. These girls were about sixteen and became undying friends. Miss Eliza raised a strict Presbyterian. Miss Mattie a strict Irish Catholic. The daughter of John Dillon. He moved to Saint Louis, where his son became editor of the St. Louis Globe-Democrat. Eliza's father, a printer and book-binder, moved to Springfield. About this time there were two poor young fellows in St. Louis who were working their way up to their chosen professions. One was James Gamble of Pittsburg, Pa. The life of the river was great for

the Pittsburgh boys so James quietly boarded a flat boat and pulled an oar for passage to New Orleans. Here he lived in an attic and set type on the New Orleans Picayune, meanwhile studying Spanish with an eye towards South America. But deciding to be a doctor moved to St. Louis, Missouri, where he lived in an attic and set type on the old Missouri Republican. While studying and attending lectures in the McDowell Medical College.

The other poor boy was James Buchanan Eads. His parents were moving from Indiana to Iowa by boat. Just below St. Louis their boat burned and everything was lost. The parents moved on up to Scott county, Iowa, where the father went into the Real Estate business. He took up a government claim and helped locate a new town fifteen miles above Davenport, Iowa, which was named Parkhurst-town for the other member of the firm. James remained in St. Louis. Our two poor boys became fine, sympathetic friends. James Eads clerked for a merchant who allowed the bright boy the use of his personal library while taking a technical course of study.

About this time the editor of The Warsaw Signal, Hancock county, Ill., an elderly gentleman named Sharp, wrote down to the editor of The Missouri Republican for a good young newspaper man to come up and help him during the morning. The editor was just getting interesting. The Republican sent James Gamble and immediately this firm name appeared on the Signal. 'Sharp and Gamble.' The Mormon war was great and The Warsaw Signal was a thorn in the flesh to the Mormons.

The anti-Mormons sent a delegation to the legislature at Springfield for help. The young editor was a delegate and also a wide awake reporter for his paper. At Springfield every hotel and many private homes were full so Mr. Gowdy opened his house for the Nauvoo delegates.

Just as they entered the front door the editor spied Miss Eliza crossing the hall with a skirt of hot 'bush in her hair'. She always declared Cupid was hungry, for from that moment both were smitten.

In St. Louis James Eads had finished his professional and was coming into public notice. Cupid had led him in the way of Mattie Dillon and they were married. After the Mormon war James Gamble received his medical diploma. James Eads expected his family to spend their summers in the north with his parents. There being no regular physician there he begged his friend to begin his medical work there which

he did. His practice extending over a large section and filling a period of over fifty four years, from pioneer times to a full settlement of county and cities.

He married Miss Eliza Gowdy in Springfield and brought her to this village at the head of the Rock Island rapids in the Mississippi river. On their first evening in the new home they were invited to Argyle Park, the Eads home-land. As the walked into the parlor there was a rush and two brides were saying, 'Eliza, Mattie!'. They had not known of each other since the old days in the Jacksonville Female Academy.

A few years later Mattie died of cholera on a steamboat below St. Louis, leaving her husband, and two little girls were educated at the Convent of the Sacred Heart in St. Louis. The elder became the wife of James How, St. Louis' great mayor. The younger became Mrs. Switzer.

Later, Capt. Eads married Mrs. Eunice Eads, the widow of his cousin. She had two little girls of her own. These two very poor boys attained success by their own unaided energy. One to an international eminence in engineering, the other to the professional and pecuniary success which comes to a generous, helpful doctor.

Eliza lived to a happy old age. She never had any family but begged one of her sister's children who was reared and educated as an own child and is now writing this little romance of the old time Jacksonville Female Academy.

Lila Chapman Tucker.

ARCADIA.

The funeral services of Mr. Robert Beavers were held at the Beavers home east of Liberty Sunday morning and interment was made in the Arcadia cemetery.

Miss Margaret Thompson returned to her home Sunday after a few days visit with friends of Virginia.

F. H. Rudisill and family of Virginia spent Saturday and Sunday with Mrs. Mary Rudisill and family.

Levi Deatherage has been on the sick list the past few days but is improving.

Mrs. James Oster and children left Sunday for Quincy where they will visit with relatives.

M. C. Thompson and family of Jacksonville, passed thru here Sunday on their way to Clear Lake.

George Baisley spent Saturday night with his brother in Jacksonville.

E. L. Rexroat and family spent Sunday with Mr. and Mrs. J. F. Hill. Arnold are helping their brother Roy in the hay the last few days.

O. E. Rexroat and family took a pleasant trip Sunday afternoon in their Maxwell car.

D. G. Henderson is the proud owner of a new Maxwell car.

Ferd McFadden made a business trip to Jacksonville Monday morning for repairs for his engine and is now getting ready to start out right.

A WOODSON FARMER SENSIBLY BUYS A BUICK

A farmer residing near Woodstock decided he would get about a Buick and bought a Buick, the 4th car Howard Zahn has sold this year. The Buick must be all right.

Miss Clara Smith of Caldwell street has returned from a visit in Washington and Bloomington.

Miss Emma Hamlin of Centralia was a visitor in the city Tuesday.

While on her way to Murrayville for a visit with relatives.

Sealed bids will be received for the construction of the improvement of South Main Street, from the corner line of the Public Square to the center line of Morton Avenue; and also, on East State Street from the East line of Alley D. to the C. B. & Q. Railroad, in the City of Jacksonville, Illinois, by the Board of Local Improvements of the city of Jacksonville, Illinois, until the 20th day of July A. D. 1916, at the hour of 5 o'clock p. m. at its office in the City Hall in said City, at which time and place bids will be publicly opened.

It is estimated that there will be about 13,121 sq. yds. of tar Macadam Wearing Surface, 3" in thickness, about 13,121 sq. yds. of brick paving, on a 5 inch Crushed Stone foundation with 6" of Concrete, a 2 inch Sand Cushion, and a Grout Filler, to be laid in Car Tracks, complete, on South Main Street in said city.

Also, on East State Street—6,380 sq. yds. of Tar Macadam Wearing Surface, 3" in thickness, and also 1,953 sq. yds. of Brick paving, on a 5" Crushed Stone foundation, with 6" of Concrete, a 2" Sand Cushion and a Grout Filler for paving of Car tracks.

Bids for the two streets must be separate and distinct bids.

Said improvement shall be constructed and made in accordance with the Ordinance providing for the same, and the maps, plans, profiles and specifications for the same, on file in the office of the City Clerk of said city.

Proposals must be made on blanks furnished by said Board, and in compliance with the instructions thereto attached, which can be had on application to the Engineer of said City, and must be accompanied by cash or by a certified check payable to the order of the President of said Board of Local Improvements in his official capacity, certified by a responsible bank, for an amount not less than ten (10) per cent of the aggregate of the proposal.

Work must be commenced at once and the material must be on the ground by August 10th, 1916. The Contractor shall be paid in cash, and bonds, the latter to draw five (5) per cent interest.

No bids will be accepted unless the party offering it shall furnish evidence satisfactory to said Board of Local Improvements, that he has the necessary facilities, ability and pecuniary resources to fulfill the conditions of the contract and execute the work, should the contract be awarded to him.

In case the successful bidder shall refuse or neglect to enter into a contract prepared by the said Board, then the certified check of such bidder shall be held and cashed and the proceeds thereof retained as liquidated damages.

Bidders will examine the Ordinance, maps, plat, plans, profiles and specifications, and also the locality in which said work is to be done, and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

The Board of Local Improvements reserves the right to reject any and all bids, as authorized by law.

Dated, Jacksonville, Illinois, 3rd day, July, A. D. 1916.

NEW ELECTRICAL OUTLETS APPROVED AT CONVENTION

Suggestions Made Can Add Very Materially to the Home Conveniences—Mr. Gray Tells of Action Taken

At the national electric light convention held in Chicago recently commercial managers issued a new schedule of electrical outlets. A committee was named to seek the co-operation of architects, builders, and others for the installation of electrical outlets in the various rooms of houses and apartments as they are built. If the sufficient number of outlets are placed in rooms special conveniences are at the disposal of the householder.

Elmer Gray, recently appointed superintendent of the Jacksonville Railway & Light company, has called attention to this new outlet schedule which brings to the household all sorts of conveniences. In the house where proper consideration has not been given to outlets the use of electrical conveniences necessitates inserting plugs in overhead lamp sockets. Outlets in baseboard, chair boards, dining tables, and walls thoroughly electrify the home and dispense with the trouble of using too many overhead sockets.

In the dining room if proper attention is given the matter in advance, outlets can be easily arranged for percolator, toaster, teakettle, chafing dish and fan. In the kitchen there should be outlets to provide for the cooking table appliances and the ironing stand. In the living room outlets are provided for the reading lamp, suction sweeper and emergency radiator. In the bedrooms, bathroom, sewing room and nursery the outlet schedule presents a score or more of possibilities providing the household with electrical servants and conveniences. If due consideration is given the building plan the electrical outlets can be included at a minimum of cost for the maximum of convenience.

POCAHONTAS LODGE

Officers are installed. Pocahontas Lodge No. 71 held installation of officers last evening and the following ladies were installed:

Prophetess—Anna Perkins.
Pocahontas—Emma Eckels.
Wenona—Katherine Esmond.
Powhatan—J. M. Hurst.
First Scout—Stella Jaeger.
Second Scout—Mary Davis.
First Runner—Hattie Brauer.
Second Runner—Sarah Stringham.
First Warrior—Nancy Haynes.
Third Warrior—Ollie Hurst.
Fourth Warrior—Charlotte Gray.
First Counsellor—Lucilla Hoover.
Second Counsellor—Mary McGinnis.

Guard of the Teepee—Clara Wyatt.
Guard of the Forest—Lola Schaub.
Following the installation Mrs. Lottie Gray surprised the ladies by inviting them to the dining room where delightful refreshments were served.

WHITE FELT CRUSHERS ONLY
45 CENTS AT HERMAN'S.

HICKORY GROVE

Farmers of this vicinity are nearly all thru plowing corn and owing to the last three weeks dry weather, corn is looking good but as in general all are trusting that Providence will bless one and all with a good shower soon.

Quite a number will put up timothy hay in the near future.

Larrie Flynn, William Ledford, Nathan Carpenter and Manuel Day harvested their wheat last week.

Mrs. J. W. McDonald, Mr. and Mrs. Thomas Brooks and family, J. W. Gibbons, Frank Brown, Tony Fernandes, J. W. Ledford and family, Mrs. Geo. Hoagland, Alfred Souza were transacting business in the city Saturday.

Miss Georgia Brooks is spending a few days with her sister, Mrs. Geo. Woods of Pisgah.

Miss Noma Smith and mother spent Sunday evening with Mrs. J. W. Gibbons.

SHURTLEFF WILL NOT RUN.

Chicago, July 11.—Edward D. Shurtleff of Marengo, Ill., will not be a candidate for re-election to the state legislature, a local newspaper announced today.

EATON-ROWE CASE VIOLATED NO LAW.

This is Announcement Made by States Attorney in Chicago.

There will be no criminal prosecution of Mrs. Louise Osborne Rowe superintendent of the city department of public welfare, in connection with the charges of Mrs. Page Waller Eaton, former head of the bureau of social surveys. Announcement to this effect was carried in Chicago papers Tuesday. The Herald printed the facts narrated here. Mrs. Eaton charged that she was forced to contribute to Mrs. Rowe one-third of her salary, about \$500 in all, as a political donation.

State's Attorney Hoynes, who has been investigating the charges for several months, declared yesterday there is no basis for prosecution. Mr. Hoynes said, however, that "this office entertains no doubt that Mrs. Eaton made the payments," as charged. The nature of the evidence he said, would make prosecution futile.

Mr. Hoynes' decision finally disposes of the "Maizie says you've got to come across" scandal unless Mrs. Eaton sues Mrs. Rowe to recover the money alleged to have been paid. The expression, Mrs. Eaton testified, was used by Mrs. Rowe in telling her she would have to contribute money, which, according to Mrs. Eaton, was for the support of Mrs. Margaret E. Mivelaz, the mayor's sister-in-law.

Mr. Hoynes said there was nothing but Mrs. Eaton's uncorroborated testimony to connect Mrs. Mivelaz with the affair. He further said "no evidence has been furnished us to connect Mayor Thompson with the matter in question."

COMPANY C NOW PART OF U. S. RESERVES.

Militiamen at Springfield are Formally Mustered into Government Service.

According to the following from the Springfield News-Record, Company C recently organized there to fill out the quota of the Fifth Regiment is now a part of the Regular U. S. Army.

"Following the mustering in of the last members of the company on patrol duty at the fair grounds today, officers declared that practically the entire company had mustered in."

The federal oath, prescribed under the recent Hal-Chamberlain military bill, was given by Captain M. Barlow Southwick, who was made a federal officer at Quincy last Sunday, when all officers of the regiment were mustered into service. Most of Co. C members were mustered in before the drills and exercises at the state arsenal last night. Those on patrol duty at Camp Dunne swore today to the oath which administered them to the national service. They were unable to be at the arsenal to be mustered in with the rest of the company. Following the administration of the oath, the company went thru company drill and then took a long hike about the city."

BURLINGTON WAY NOTES

Benjamin Bassham was in the city yesterday (Tuesday) afternoon, coming from Greenfield, Illinois in his "little" Ford car. He was accompanied by Mr. H. C. Wilhite the Burlington Way Auto Trail man, who was here looking after promotion work for the trail.

Mr. Wilhite reports a heavy traffic of tourists on the Burlington Way this summer, as he says "it's the best marked trail in the world."

Fred Zumwalt has been assigned the position of official Artist and Sign Painter for the Burlington Way Auto Trail Association and is at present engaged to paint 63 mileage signs which will be put up near the towns on the Trail in northern Iowa and Minnesota. The signs are three feet square and painted and lettered in the colors of Orange and Black on a White ground.

F. M. Coard and wife have returned from a sojourn of several weeks with friends in Chicago. They were there during the great national convention and like many others Mr. Coard rejoices in the quality of the nominees who are surely the desire of the great mass of the people.

MINISTERS AND FAMILIES HAD PICNIC AT PARK

Without Formal Program All Joined in Enjoyment of the Occasion.

A merry company of men, women and children gathered at Nichols park yesterday afternoon to enjoy the annual outing of the Jacksonville pastors and families. Everything at the park had been prepared for the occasion and the gathering was one of the most joyous of the year. The worthy gentlemen laid aside ministerial dignity for the time and all went in for as much fun as the circumstances would admit.

The eating pavilion on the south side near the chautauqua grounds had been made ready for the picnicers and they made good use of it. Tables were spread and the ladies showed that while their liege lords were adept in breaking the bread of life to their spiritual flocks the housewives were no less skillful in preparing the food for the inner man.

There was plenty of good natured fun and humor and jokes abounded. A visitor declared the shorter ministers envied Mr. Spoon's long distance the good things had to travel down his throat tasting fine as they went and another said Mr. Spoon's and Mr. Madden were set up side by side to illustrate the long and short of the matter. Mr. Post was found quite movable when supper was announced. Mr. Landis was not at all hard to get acquainted with the new order of things and declared he would have sought a call himself had he known such a good thing was to be enjoyed annually. Mr. Pontius was so gracious and considerate that all agreed that the name of the world's memorable trial should not be added to his cognomen.

About fifty people were present and none of the ministers asked to be excused on account of a yoke of oxen recently bought, a new wife or the purchase of a piece of land.

The committee in charge of arrangements for the picnic consisted of the Revs. W. E. Spoon, F. B. Madden and R. O. Post.

NOTICE

Murrayville, Ill., July 11, 1916—Notice is hereby given that the Murrayville Farmers' Elevator company will receive bids until noon Saturday, July 15, at the post office in Murrayville for the removal of an elevator recently purchased from C. R. Lewis by the said company. Bids are desired for removing all machinery, piling lumber in separate piles, removing or breaking off all nails, removing the entire building, including foundations. Machinery and material must be placed on vacant lot south of stock scales. Each bid must state clearly the time the bidder will require for doing this work. The company reserves the right to reject any and all bids.

Murrayville Farmers Elevator Co.

HOSPITAL NOTES.

Miss Ira Briscoe of White Hall was a visitor at Passavant hospital yesterday.

Mrs. William Gerbling of Roodhouse and Mrs. F. A. Koeppling of Pittsfield are visiting relatives in the city and called at Passavant hospital yesterday.

Mrs. Ernest Wood of R. F. D. No. 6 was operated on at Our Savior's hospital yesterday morning.

Mrs. Hannah Wehlt underwent an operation at Our Savior's hospital yesterday morning.

AUTO COLLISION

An auto party from Boston collided with another car in front of the New Pacific Cafe Sunday evening. While the auto was being repaired the party had dinner at the Pacific Cafe. The Easterners said that the Cafe was the most up-to-date with the best cooking and service they had found since leaving Boston.

NEARING COMPLETION

The five houses which are being built by J. H. Zell on South Main street are nearing completion and will be ready for tenants in another fortnight.

E. A. Abbott of Springfield had occasion to visit the city yesterday.

THOMAS G. BEADLES BROKE LEG WHEN HE FELL FROM WAGON

Accident Happened at Murrayville Tuesday Evening—Horse Turned Suddenly and Caused Fall.

Thomas G. Beadles had both bones of his left leg broken Tuesday evening at Murrayville when he was thrown from a wagon. The bones were broken just above the ankle and Mr. Beadles will be confined to the house for some weeks to come. Mr. Beadles with his father, T. J. Beadles, and his brother Roscoe Beadles, have been at work at the residence of W. B. Wright. Shortly after six o'clock Tuesday evening they drove to the new addition in the northwest part of the town to cut some grass. Mr. Beadles was standing in the wagon and as he drove across a walk the horse turned suddenly and Mr. Beadles was thrown to the ground. The horse began to back and Mr. Beadles' left leg was caught beneath the wheel in such a way that the broken bones resulted. Aided by his father, C. A. Gunn and others the injured man was taken to the office of Dr. J. H. Spencer, where he received medical attention. Then he was removed to the residence of his father.

Mr. Beadles is a school teacher and had charge of a school near Prentice the past season, but as he is a competent carpenter and paper hanger he spends his summers in that work. As his services had been engaged for a number of weeks in Murrayville the injury will seriously interfere with his plans as well as with those of a number of people in the town. Mr. Beadles is a past grand of Murrayville lodge No. 415 I. O. O. F. and a policy holder in the Ridgely Protective association. He will therefore, receive substantial relief on account of his accident but his many friends will regret that his injuries will keep him from his work for so long a period.

Don't fail to see the greatest motion picture actor in his greatest play at SCOTT'S THEATRE today, WILLIAM FARNUM IN "THE MAN OF SORROWS."

NO CASE OF INFANTILE PARALYSIS IN WINCHESTER

One Child in Scott County Ill of This Disease Lives Nine Miles From Winchester—Moving a Land Mark

Winchester, Illinois, July 11.—Workmen are at work removing one of the old Winchester landmarks. They are moving the old William Starrit house to the south of the city. Mr. Brown, who is grandfather of William Bartlett of St. Louis who is quite well known in Jacksonville, made the doors of the house some eighty years ago, for E. G. Miner, father of Dr. James Miner.

The report that infantile paralysis has invaded Winchester is false. It is reported that one case has been discovered nine miles west of Winchester and Dr. Nelson of Springfield arrived Tuesday and quarantined the house. However Winchester is free from the disease, the only case reported being the one nine miles west.

Mrs. Albert Peak who has been ill for the past three weeks was able to be up Monday.

The Young Ladies Sociality Society of the Catholic church will hold an ice cream supper on the church lawn Thursday evening, July 13. This is one of the first events of the kind to be held in Winchester so far this season and bids fair to be well attended.

George Stuart left Monday for St. Louis with a car load of cattle.

Miss Dean Kincaid entertained a number of her friends last evening at a slumber party. Those present were: Misses Louise Cowden, Percis Coultas, Janice Taylor, Isabel Smithson, Grace Leach and Alma McCullough.

SPECIAL NOTICE

JUST RECEIVED THE LATEST NOVELTIES IN HIGH COLORED SELF SPORT HATS FOR PRESENT WEAR AND THE VERY LATEST SPORT WASH SKIRTS AND NEWEST FABRICS IN WHITE WASH SKIRTS. SELECTED PERSONALLY BY MRS. HERMAN, WHO IS NOW IN CHICAGO.

J. HERMAN.

MR. PAVEY'S CANDIDACY.

W. A. Pavey of Springfield, has announced his candidacy for Republican nomination for member of the general assembly from this district. Mr. Pavey has for many years been a prominent resident of Springfield. For twenty-four years he was connected with one of the largest business concerns in that city and has had a very successful career. For two terms he was the president of the Springfield Business Men's association. Mr. Pavey is now devoting his attention to his farming interests.

CAMP FIRE GIRLS ORGANIZED

The initial meeting of the Camp Fire Girls was held recently at the home of Mrs. E. G. Caldwell 1127 West Lafayette avenue. The organization is composed of 12 girls all 12 years of age. Miss Elizabeth Long and Miss Louise Hamilton will be guardians of the camp and it is the intention to hold weekly meetings at the homes of the members. The girls of the club are: Helen Pyatt, Helen Turner, Carol Landers, Dorothy Williamson, Pauline Hankin, Irene Goodwin, Anna Louise Jordan, Margaret Marshall, Helen Birdsall, Dorothy Cully, Allene Ledford and Alice Alexander.

Mrs. Catherine Carey has returned to her home in East St. Louis after two weeks spent at the home of her aunt Mrs. William Thompson at Spaulding Place. Little Catherine Thompson returned with her for a short visit.
